NEW FEBRUARY LOW OF 2 DEGREES IS RECORDED

CITY SECRETARY AND TAX COLLECTOR MAKE KNOWN COLLECTIONS

4,576 Motor Cars Registered According to Collector Ready

Assessed valuations for Collin county for 1932 consisting of state, county, road and school, amounted to $553,225.62. Of this amount, up to February 1, 1933, Tax Collector N. D. Ready had collected approximately 64 per cent. From best information obtainable, taxes run behind between five and six per cent of former years and it is believed that on account of the split tax payment that the percentage of taxes this year, although depressed conditions among the farmers, is probably worse than for many years, has been caused from this account. It is also predicted, and believed, that when this split tax rendition payment comes due June 30, 1933, that the amount will be pulled up to its usual payments.

The number of poll taxes collected for the year 1932 in Collin county were 5,382. Poll taxes collected during October, November and December amount to 1,364 and in January 4,018, totaling 5,382 paid. This does not include people over 60 years of age or those under age.

This is a wonderful showing and the public in general appreciates the efforts of Tax Collector Ready and his splendid assistants in making these collections.

4,576 Motor Vehicles.

County Tax Collector N. D. Ready reports a total of 4,576 motor vehicles registered and 536 trucks, up until the present time. He points out that Collin county receives the first $50,000 collected on motor vehicles, which goes into the road and bridge fund to be used by the county commissioners. After that the county receives fifty per cent of the remainder of the money paid in.

The state is paid the money taken in from transfers, duplicates and chauffeurs' licenses.

Collector Ready says also that the net receipts up to date in car registrations totals $48,807.36, of which this county gets $48,225.18 and the state $282.18.

Collections to date compare favorably with collections at the same time last year.

Poll Tax Receipts in City Issued to 1,153 Persons

City Secretary G. Frank Wolford announces that eighty per cent of the total assessed valuations in the city of McKinney were collected in taxes up until the first of this month. This compares favorably with the amount of taxes paid last year, when eigthy-five per cent were paid up to the corresponding date in 1932.

A total of 1,153 poll taxes were paid into the city secretary's office until February 1, according to Mr. Wolford. He states that this is only thirty short of poll tax payments at this time last year and attributes the slight decline last month to the bad weather a day or two preceding the final date allowed for payment, probably keeping many of our citizens indoors who would otherwise come downtown for that purpose.

City Secretary and his assistant, Miss Ada Brown, were kept unusually busy for a month or two preceeding the time limit for payment of taxes and ably took care of the large crowds that thronged the office. While they keep busy every minute of the day throughout the year, yet they are glad when the strain of the "grand rush" is over and they are able once more to settle back to the routine work of the office

A. M. Scott, local business man, visited in Dallas Tuesday.

J. F. Bone, proprietor of Bone's Shoe Store, and W. A. Lindley, accommodating clerk in that store, are attending a shoe convention in Fort Worth Wednesday.

Mrs. Paul Ryan and attractive young son, Loren Paul, have returned to their home in Whitewright after spending a few days with her parents, Mr. and Mrs. Loren Goddard, in this city.

Beginning Friday night, February 10, 15 citizens of Wylie will hold an open forum at the high school auditorium. These meetings will discuss subjects of both state and national interests. Debates will be held also.

Mrs. Claude Dobbins and two daughters, Dimple Joyce and Claudine, and Miss Constance Miller, all of this city, were week-end guests of Mrs. E. C. Dobbins and Mrs. C. J. Dobbins in Van Alstyne.

Leslie Lusk, son of former Constable and Mrs. T. J. Lusk, has arrived home from Tyler, where he has been attending the Tyler Commercial business college. Leslie made a splendid record while attending that Tyler school. His friends are glad to see him back home in McKinney again.

DISTRICT PASTOR'S MEETING IN CITY MONDAY, FEB. 13

The regular district pastor's meeting of the McKinney district M. E. Church will be held in the First church here Monday in an all-day meeting.

Following the morning business session, Rev. E. G. Hamilton of Lancaster will bring the sermon at 11 o'clock after which all pastors of the district will be luncheon guests in the district parsonage. Rev. H. G. Ryan, presiding elder, announces the meeting and is expecting a good attendance at Monday's meeting.

Dr. R. L. Davis has been re-appointed County Health Physician by the Commissioners' Court. An excellent appointment.

Snow Trickles Through Shingles Into Attics

Last night's snow, although not heavy, was of the fine, blowing type—a regular young snowstorm.

Some McKinney citizens have, on investigation, found their attics filled with fine snow, which has not yet melted. The snow was so fine and grainy in character, and the north wind drove with such force that in a number of McKinney attics there was as much as [illegible] of snow in their confines. DIVERSIFICATION ADDS MONEY TO FARMERS' POCKETS

Can a farmer buy his food and feed, provide his family with clothes and shelter, pay his doctor and merchant and druggist, send his children to school, pay his preacher and insurance, have his entertainment, pay his taxes and run his car by planting all cotton? asks Jack McCullough, county farm agent.

"We are not trying to tell you whether he can or whether he cannot, but we are asking you the question.

"Many farmers in this county began learning twenty or more years ago that they could not, and began a system of diversified farming, and have been practicing ever since.

"We have no fuss to make with cotton. We are not condemning a crop which produced in this county $4,860,000 in 1931 and in 1932 $2,380,000 for the lint value alone. We have always planted it, we depend upon it to a large extent and will continue to plant it, but we should depend on it now and in the future as we have in the past.

"It will take twenty bales of lint cotton to replace the value of the products that can be produced from the few livestock and crops listed below:

"One Jersey cow will produce each year milk with a food value of $100.

Fifty hens will produce each year food with a value of $100.

Eight turkey hens and a gobbler will produce each year cash $160.

One medium sized beef canned is worth as food $50.

A small orchard, berry patch, and a good garden is worth at least $40.

Total $450.

"Figure for yourself how many bales of lint cotton it would take to amount to this much money," adds Agent McCullough.

CLYDE GEREN, 43, PASSES AWAY HERE WEDNESDAY NIGHT

WELL-KNOWN GARAGEMEN HAD BEEN ILL SEVERAL WEEKS

Clyde Geren, 43 years old, died at his home, 705 North Bradley street, at 11:45 o'clock Wednesday night, February 8, after an illness of several weeks. The deceased was a well-known McKinney garageman and automobile mechanic, having formerly been connected with the Hamilton-Patterson Motor company, and for two or three years being a member of the firm of Geren & Day.

Funeral services will be held at the family home some time tomorrow (Friday) afternoon, with interment following in Pecan Grove cemetery, under direction of the Sam J. Massie & Son Funeral home.

Surviving are his wife, five children and father, former District Clerk H. E. (Ed) Geren.

NEW FORD V-8 WILL BE SHOWN HERE SATURDAY

AT UNIVERSAL CAR COMPANY, IRA ANDERSON, MANAGER

The first of the new Ford V-8 cylinder, 112-inch wheelbase motor cars will be displayed here Saturday, February 11, in the showrooms of the Universal Car company, Ford dealers, at McKinney, it was announced here today by Ira Anderson, manager. The showrooms will be opened at 7:30 a. m.

Because of the unusual public interest in the new Ford cars, crowds are expected to attend. The showrooms have been decorated for the occasion. Attendants will be on hand to explain the many important features of the new cars.

The new V-8 is the largest and most powerful Ford ever built. It has new and distinctively modern lines, a most attractive front end, longer wheelbase, larger and roomier bodies, faster acceleration, increased power and speed and is exceptionally economical in operation. With its 75-horsepower, V-8 engine, the new Ford is capable of a sustained speed of 80 miles an hour.

The styling of the fourteen body types expresses the new mode in motor car building. The modern note is found in the sloping Vee radiator grill, the skirted fenders, newly-designed headlamps, cowl lamps and bumpers, the curve of the hoodside ventilators, the 20-degree slant of the windshield, the curved roof header, the reverse curve of the rear quarter and the backward sweep of the apron making the gasoline tank.

The new all-steel bodies are materially wider, almost a foot longer and consequently much roomier. The attractive instrument panel is directly in front of the driver, with a large package compartment at the right side of the instrument board. Front seats in closed cars are fully adjustable. Interior fittings are luxurious. Options in upholstery and a wide choice of body colors are available.

The improved V-8 engine is fitted with all-aluminum cylinder heads, one of the most noteworthy forward steps in motor designs in many years. Because aluminum dissipates heat more rapidly, the use of the aluminum cylinder heads permits higher compression pressure and results in increased speed, power and smoothness, faster acceleration and added fuel economy.

Smooth engine performance results also from the basic 8-cylinder design and the 3-point rubber mounting. Cylinder blocks are set at a 90-degree angle. The crankshaft is fully counterbalanced and the crank throws are at 90 degrees. Opposing pistons and connecting rods are even in weight. All of these features combine to place all moving parts in natural balance, resulting in exceptional smoothness of operation. The engine is fitted with down-draft carburetor, air-intake silencer and a diaphragm-type fuel pump.

Features of the 112-inch wheelbase chassis include an extremely rigid double-channel, double drop X-type frame, torque tube drive, a straddle-mounted rear axle pinion, transverse cantilever springs, internal expanding four-wheel brakes, 17-inch welded steel spoke wheels and tires of 5.50 inches section.

In the new three-quarter floating rear axle, the driving pinion is mounted in a double taper roller thrust bearing at the front and a straight radial roller bearing at the rear. This maintains permanent alignment of the pinion with the ring gear under all driving conditions and results in extremely quiet axle operation.

The frame is cushioned by four Houdaille double-acting hydraulic shock absorbers which are both automatically and thermostatically adjusted for every variation in weather or road surface conditions. The shock absorber links are insulated in rubber. The rear fuel tank has a capacity of fourteen gallons.

The transmission is of the synchronized type, with helical constant mesh gears, and functions unusually quietly both in second speed and during speed changing. The clutch is of the double-disc type and is spring cushioned for soft engagement.

DEATH SUMMONS COMES TO MRS. T. R. SKELTON

After an illness of about two months, Mrs. Nancy Ellen Skelton, wife of the late Thos. Ryan Skelton, passed away at her home, 302 South Wilcox street, last (Wednesday) morning at 3:05 o'clock.

The deceased had enjoyed fairly good health up until seven or eight weeks ago when she took ill, gradually growing weaker until the final summons came early today, relieving her of all earthly cares and problems.

Nancy Ellen Stephens was born October 25, 1848, near Tennyson, Indiana, being, therefore, at the time of her passing, 84 years, 3 months and 13 days old. She was a daughter of the late Mr. and Mrs. John Stephens of Indiana.

Her death followed ten years and ten days after that of her husband, who passed away at his home in McKinney January 22, 1923 at the age of 74 years. He was interred in Pecan Grove cemetery.

The deceased was united in marriage to T. R. Skelton, in Indiana, and to this union, eight children, four girls and four boys, were born to bless their home. Three daughters and four sons survive, one daughter, Ada, aged 14, preceding her mother to the grave many years ago.

The surviving children are: Mrs. R. D. Tompkins of Princeton; Mrs. John Nelson of McKinney; Miss Mary Skelton at home; Ed Skelton at Wichita Falls; B. Frank Skelton, a teacher in the McKinney High school; E. Pearl Skelton, who is connected with the post office in this city, at home, and W. A. Skelton, also of McKinney.

They came to Texas 42 years ago, settling north of McKinney, and later moving to this city. The husband of the deceased engaged in farming but after their removal to McKinney was caretaker of the one of the city schools for several years.

Funeral services were conducted at the family home Thursday, afternoon, February 9 at 2:30 o'clock by Rev. J. Ben Snider and by Dr. C. S. Weaver. Interment followed in the Pecan Grove cemetery under the direction of the C. C. Harris Funeral home. She was ladi to rest by the side of her beceased husband.

Pallbearers were: Will J. Rhea, Wallace Wilson, W. B. Mitchell, John Thompson, George Walker and Woot Mallow.

She was the last surviving member of her family, a brother having passed away about two years ago at Ponder, Denton county, leaving her as the only surviving member of a large family.

She was a devoted member of the Baptist church and her passing brings a wave of sadness among a host of friends and acquaintances.

FIRE DESTROYS HOME BOB WHITE EARLY TODAY

OUTSIDE CITY LIMITS; ADJOINING HOME SAVED

Fire, originating shortly before 8:00 o'clock this (Thursday) morning, destroyed the home of Pat Jenkins and Jim Hunter and families, outside of the city limits, north of McKinney near the powerhouse.

The home was the property of the Muse estate who carried some insurance on the building. Some of the household effects were saved. The McKinney Volunteer Fire department made a quick run and, while the fire had gained too much headway for the home to be saved, yet they prevented an adjoining home from catching fire. It is thought that the fire originated from a defective flue.

NINE O'CLOCK SATURDAY NIGHT

"Don't be late" is the admonition of the campaign department to candidates in the McKinney Daily Courier-Gazette and Weekly Democrat-Gazette's Auto and Prize Campaign, for exactly on the stroke of nine Saturday night ends the greatest voting opportunity of the campaign—the offer of 100,000 extra votes for every $10 worth of subscriptions. Contestants turning in subscriptions personally must be inside the campaign office by that time to take full advantage of the offer.

Candidates mailing in subscriptions must be sure to post early enough to have the envelopes postmarked not later than 9 p. m. February 11th. Out of town contestants are urged to find out definitely at local postoffices at what time they must mail in order to secure an early enough postmark. Nine o'clock Saturday night! That is the hour in which the eyes of all contestants in the McKinney Daily Courier-Gazette and Weekly Democrat-Gazette's Auto and Prize Campaign are fixed, for it is the hour in which marks the end of the first period and the greatest voting bonus of the campaign. Once it has struck all chances of securing 100,000 [illegible] will be gone. Never again [illegible] will there be [illegible]

COLDEST FEBRUARY WEATHER ON RECORD, SAYS ELD. R. C. HORN

Eld R. C. Horn, pioneer Chirstian minister of McKinney, who has been keeping a record of weather conditions in the city and county for over a half century informed these editors early Wednesday morning that he had no record of any colder weather in the last fifty years for February. His thermometer registered exactly zero when he arose Wednesday morning, he said.

He also stated that some of his fine chickens were frozen Tuesday night. Similar reports from all over the county were expected to come during the day.

T. S. BARNES, 68, DIES AT HOME EARLY TUESDAY

Thomas S. Barnes died at his home, 1201 Northwest street, in this city, last Tuesday morning at 9:45 o'clock after a several weeks' serious illness. Funeral services were held Wednesday afternoon at Walnut Grove, interment following in the Walnut Grove cemetery. Dr. E. O. Whitwell, pastor of the Central Presbyterian church, conducted the services, while the Isaac Crouch Funeral home was in charge of arrangements.

The deceased was born April 18, 1864, in Tennessee, being at the time of his death 68 years, 9 months and 19 days old. He had resided in Texas for the past fifty-six years, eighteen of which were spent in McKinney. He is survived by his wife and two sons, Warren S. Barnes of McKinney and Emmett Barnes of Sherman; one granddaughter, Dorothy Jean Barnes. Mrs. Marion Taylor of this city is a niece of the deceased. His passing is mourned by a large number of friends and acquaintances.

T. L. ROBERTS SELLS BUSINESS TO HILL & WEBB

REFER TO HIS ADVERTISEMENT IN TODAY'S PAPER

T. Lou Roberts is announcing in the Daily Courier-Gazette and the Weekly Democrat-Gazette the sale of his feed business to the Hill & Webb Grain company in this city. Mr. Roberts says: "I have sold my business to Hill & Webb Grain company and commen this concern to all of my customers. I deeply appreciate the business you have given me in the past and solicit your continued patronage through Hill & Webb."

Hill & Webb invite you to come by and see their bargains in feeds of all kinds. Their ad says: "It will pay you to get our new low prices—they will surprise as well as please you. Don't experiment—it costs less to feed the best."

Mr. Roberts has been engaged in the feed business here for the past nine years, during which time he has built up a splendid patronage among friends in this city and county.

Hill & Webb Grain company has been a firm name in McKinney since 1894, for almost forty years, Ben Hill and J. W. Webb, both deceased, being the first members of the firm. It has built up an extensive business and is today one of McKinney's and Collin county's best-known business institutions. It is now operated under the supervision of Bennie and Moran Hill, sons of the late Ben Hill.

SNOW FALLS TUESDAY NIGHT; MERCURY RISES SLOWLY HERE TODAY

Believed To Be Coldest February Weather On Record; Within Three Degrees of Cold Spell Recorded in 1930

The temperature was slowly rising at noon today (Thursday) after McKinney's coldest weather in three years and perhaps the coldest February weather on record. Wednesday the mercury risen 6 degrees, standing at 8, which was 24 degrees below freezing. The mercury stood at 17 degrees here at 6:30 Wednesday afternoon and 12 degrees at 7 o'clock Thursday morning.

◆ ◆ ◆

The thermometer came within a hair's breadth of hitting zero in McKinney Wednesday morning—reading a new low of 2 degrees above—the coldest since January, 1930, when it touched 1 degree below. A two-hour snowstorm Tuesday night covered the city with an inch or so of fine snow, which drifted into corners of buildings, ditches and covered house tops.

Old Sol, however, is doing his best to remedy the situation Thursday morning. The day dawned without a cloud in the sky and with only a slight north breeze. Rising temperatures were predicted for shivering citizens, who piled on every available piece of heavy clothing to keep out the biting cold.

The thermometer at the Municipal Gas company registered 8 degrees at 6:30 Tuesday afternoon. Nightfall caused a drop of 6 degrees.

The sudden cold spell was one of the most unexpected in years.

Although a severe cold spell was predicted by all weather reports, it was not due to strike McKinney until Tuesday afternoon, coming twelve hours earlier than expected.

◆ ◆ ◆

Streets Deserted.

The city's streets were practically deserted. Everyone who could stay inside, kept close to roaring fires, while many citizens did not come downtown at all. Few cars were to be seen, and the cold north wind howled through downtown streets, almost by itself.

It was the coldest February weather in the memory of most McKinney and Collin county citizens. Dumb animals of all kind and birds were especially hard hit. Most Collin farmers are not prepared to care for their animals in such weather and many animals suffered. Hundreds of birds found their usual watering places frozen over. Many McKinney citizens, with kind hearts, however, placed fresh water for them as well as feed.

The damage to spring oats and onions already planted was without estimate, since farmers were unable to get into their fields to inspect the crops.

The cold wave was nation-wide and probably reached its height in the Southwest Tuesday night. Below zero weather was reported in Oklahoma and West Texas. The thermometer had stood below zero in Amarillo since Tuesday morning.

At noon, the sun had melted much of the snow and the temperature was slowly rising.

SHAW'S GROCERY OBSERVES FIRST ANNIVERSARY

W. H. SHAW BELIEVER IN VALUE PRINTER'S INK

W. H. (Bill) Shaw's big up-to-date grocery and market, located on East Virginia street, just off the square, phone 154, is today (Thursday) celebrating its first anniversary in this location with a big advertisement in these papers. Mr. Shaw and his assistants have a large trade and sell only the highest quality in the grocery and market line. Their advertisement invites you to drop around and visit them.

"Our many years of experience in the grocery and market business have served to better equip us to serve you in the future," their advertisement reads. We congratulate Mr. Shaw and his force on their first anniversary and hope for them many more in their fine location.

Attend Shoe Convention.

The following shoe dealers in McKinney spent Wednesday in Fort Worth attending the convention of shoe dealers held at the Texas hotel: J. F. Bone, W. A. Lindley, Joe Connor, Leonard Milstead and J. M. Foster Jr.

E. B. McTee, residing at 405 South Wilcox street, efficient, popular and well-liked member of the Police force, who has been confined to his home for quite awhile, was reported doing very well Thursday, which will be good news to his many friends in the city and throughout the county.

Mr. and Mrs. A. P. Kerr have returned from an extended visit with their son, Crawford Kerr, and family at Ysletta, Texas, near El Paso. They had an enjoyable visit with their son.

Mr. and Mrs. T. E. Culwell and little daughter, Betty Jean, of Dallas were guests Sunday of Mrs. Culwell's parents, Mr. and Mrs. George W. Lepeard in this city. Mrs. Lepeard prepared a tempting dinner at noon Sunday, honoring her daughter's birthday.

Mrs. Richard Burrage, who has been quite ill at the city hospital, has been removed to her home on Waddill street. Her friends are so pleased to know she is better.

Rain delayed work on the nine-room residence of Mrs. Callie Simmons at Celina, which was to have been started Tuesday.

[illegible]

The play, "Mary's Castle in the Air," will be presented Saturday night, February 11, at the Winningkoff schoolhouse. Admission will be 5 and 10 cents, says Miss Cora Campbell. A large crowd is expected.

County Commissioner Don O. Davis has been re-appointed Manager of the County Farm by the County Commissioners, with Claud Foster as Superintendent. Good selections.

Ex-service men and American Legion members helda n interesting meeting at Wylie, at which officers previously elected were installed. State Adjutant Bob Whiteaker of Austin was master of ceremonies. Other speakers included Past State Vice Commander Allen Ater; Mr. Wyatt, service officer of the Veterans' Bureau and Mr. Hyde, claims officer of the Veterans' Bureau. Post Commander Bill Bradfield and Jerry Boyd of Garland made interesting talks.

COLLIN COUNTY FARM WOMEN CUTTING BEDS

Miss Helen Dunlap, county home demonstration agent, never tires in her busy life, directing and inspiring the women and girls of various rural districts of our county in their work of improving themselves in the art of home makin, food conservation and of cutting and sewing.

On Wednesday of this week, she visited the Bethany club at 9:30 in the morning and then at 2 o'clock the same afternoon she was at Wetsel visiting that club.

Miss Dunlap says that her twenty clubs of farm women scattered over Collin county have a project that of making a "cutting bed."

This is a practical experiment and is altogether feasible. It enables farm women and girls to set out their own cuttings, giving them their preliminary start in these beds to be later transplanted according to their individual tastes and landscaping ideas of their respective yards and home premises. [illegible] ground or submerged irrigation which is the only satisfactory way that irrigation can be done in this black land section.

Such plans are started and propagated as Ligustrum, Japonica, Euonymous, Bridle Wreath (Spirea Van Houte), Abelia, Jasmine, Humilie, Pyracantha, Privet hedge, Nandina and perhaps other cuttings and plants.

This scurce of home supply is much cheaper for the farm women of our county in prividing their needs for cuttings every spring and fall.

It is a valuable experience to the home demonstration club women in the study of the shrub, evergreen and flower culture.

Then this all results in making the yards and premises of the rural homes of the county much more attractive and appealing to their occupants to say nothing about the better impression it gives of our country life to strangers and visitors passing or coming along the highways of our county.

COLLIN TAX REDUCTION CLUB MEETS

All public utilities were asked [illegible] a general reduction in the salaries of state officials, was asked for at the meeting of the Tax Reduction Club of Collin County, held in the court house here Saturday afternoon.

Loan companies were also asked to "easeup" on their deficiency judgments, and, if not, the members present were asked to look upon the practice with "disfavor." A resolution was passed to send all these resolutions to the State Legislature with instructions to local legislators to do something about it.

The meeting was presided over by President I. E. Reevs. Sam Bateman was elected secretary.

Other members prominent in the proceedings were: N. A. (Newt) Burton, Prof. S. C. Stephens, former county superintendent; Dr. L. E. Hoard, Judge T. C. Andrews and others.

G. W. West, former county superintendent, submitted a set of resolutions, asking for the discontinuance of the office of assistant county superintendent and recommending that the matter be taken up at the next regular meeting of the county school board. He also recommended that teachers' salaries be cut to the 1890 scale, and all offices not in existence in 1890 be discontinued.

Denunciatory resolutions of Congressmen and Senators were passed.

VERONA SCHOOL HONOR ROLL IS ANNOUNCED

Prof. Marvin Harper, principal of the Verona school, announced their honor roll for the past two months as follows:

Other Bailey, seventh grade.

Marvin Trantham and Billy Grisham, eighth grade.

Juanita Harbin and Viola Gray, ninth grade.

The highest average was made by Miss Harbin, who has a record of 96.66 for the past two months.

Prof. Harper informs us that a large number of residents of the Verona community attended a debate at the Verona school Wednesday night on the question, Resolved: That Prohibition Should Be Repealed." Peck Williams represented the affirmative and Prof. Harper, the negative side. The judges returned a verdict in favor of the affirmative. Judges were: Messrs. Grisham, Holbrook and Albert Williams.

These two men will debate on the same subject at the Harper schoolhouse next Friday night, February 10. [illegible]

Marshall J. Carter, a farmer of the Foote community, has read the Daily Courier-Gazette for many years. He renews his subscription for another year in advance. Mr. Carter and wife take great pride in their farm life and farming. We thank you, Marshall.

L. M. Hickman of Farmersville is the new care-taker at the court house, having been appointed by the County Commissioners' Court. S. Kissinger has filled the place for several years, being an excellent care-taker. Mr. Hickman comes well recommended.

Prof. Marvin Harper, principal of the Verona school, and Leslie Stroup were McKinney business visitors Thursday.

Vital Statistics Record.

Justice Craus, who is the registrar of the Bureau of Vital Statistics for Justice Precinct No. 1 McKinney, reports the birth of sixteen boys and nine girls, and twenty-five deaths for the month of January.

In conversation with Justice Craus, he tells us that it is highly important for any citizen having knowledge of the death or assisting in the burial of any person where the services of an undertaker is not employed, to report same to the vital statistics bureau in order that a complete record may be kept for reference which in many instances proves of vital interest and often times benefit to relatives and the public in general. Justice Craus also calls attention of parents to the necessity of having their children's names recorded for various reasons, as for instance, in becoming of age and wanting to vote, contesting of wills, and in case of war. Any parents knowing their children's names not being on record, can make proper affidavit before a registrar, and the names will be sent to Austin. The bureau of vital statistics for his Precinct No. 1 only registered 90 per cent last month. Justice Craus wants to bring it up to 100 per cent.

ESTABLISHED FEBRUARY 7, 1884. McKINNEY, TEXAS, THURSDAY, FEB. 9, 1933.——SECOND SECTION. FIFTIETH YEAR

CROP PRODUCTION LOANS TO EQUAL $90,000,000

President Hoover has signed the ll providing $90,000,000 for crop oduction loans to farmers this ar.

A. H. (Hardy) Eubanks, county airman, who is head of a comittee of Collin citizens, for the stribution of the loan in this unty. He estimates that approxiately $30,000 in 300 loans will made to Collin farmers. Collin farmers.

Members of the committee who ll have charge of the loans in is county are: R. A. Davis, ano; C. E. Stewart, Blue Ridge; e Aston, Farmersville; H. G. les, Anna; C. M. Moore, Celina; W. Montgomery, Frisco; U. N. ary, Prosper.

The measure, as finally approv- by Congress, was a comprose between the bill authorizing 5,000,000 passed by the House d one calling for more than 00,000,000 approved by the nate.

Measures for production loans farmers have been passed virally every year since 1921, but sums were comparatively all until 1930, when approxiately $60,000,000 was voted af- a severe drouth which seared ge sections in the south and st.

The production loans will be der the supervision of the Deftment of Agriculture. Rules d down by the department last ar limited the amount an indiual farmer might borrow to 00 and those to landlords with nants to $1,600.

As security for the loan, the partment takes a lien on the op.

The primary purpose of the bill to furnish funds for crop proction, but money may also be aned under its terms to harvest ops.

LIONESSES KEEP RECORD CLEAR; DEFEAT PLANO

The McKinney High Lionesses kept their conference record clear of defeats Friday night as they defeated the Plano High Wildkatts in Plano, 26 to 11. The locals have not been defeated in conference competition in three years. Only one conference game remains on their schedule, that being with the Farmersville High Farmerettes to be played here this week.

Vaneta LaFollette and Alice Russell, forward and guard, respectively, proved to be the "spark plugs" of Friday's game, both playing their best game of the season. LaFollette won high scoring honors with 17 points, while Jane Adams, who played for the Lionesses during the early part of the season, scored 8 for the Wildketts. Capt. Latane Boyer and Nell Pollard scored 5 and 4, respectively, for the locals. Minnie Lou Giddings sank 2 and Usselton 1 for the South Collin sextet.

McKinney led 7 to 2 at the end of the first quarter, 13 to 9 at the half and 24 to 11 at the end of the third quarter.

The Lionesses will probably play the Textile Mill Comets one night during the week and will journey to Sherman February 16. Games are also being planned with Celeste and Highland Park High.

F. B. POPE'S NEW RESIDENCE WILL SOON BE COMPLETED

F. B. Pope's fine new six-room house on South Kentucky street will soon be completed. It is one of the neatest and most modern homes in the city. Mr. Pope recently built one just south of the one he is now building. He, several monthsa go, purchased the old J. P. Crouch homeplace, razing the old home to the ground, and erecting one of the most modern, up-to-date oil stations in the city, leasing it to the Gulf people. On the west lot, he built two modern new cottages.

He is a real town-builder, F. B. Pope. J. Duey May is his general superintendent for all work done. Give us a dozen Bud Popes and our town will double in population in one year, regardless of depression. In fact, depression has not stopped Bud Pope. He knows we have the best town in Texas. He was born and reared here and is not afraid to put his money in the town where he was reared.

Funeral Held Sunday For LeRoy Spurgeon, Aged 3

Funeral services for Leroy Spurgeon, little three-year-old son of Mr. and Mrs. Ernest Spurgeon, who reside west of McKinney, were held Sunday afternoon at 2:30 o'clock at the family residence, conducted by Dr. Clifford S. Weaver, pastor of the First Christian church, and Rev. Hill, pastor of the Foote Baptist church. Interment followed in Pecan Grove cemetery.

The child died Saturday morning following a ten-day illness of double pneumonia and scarlet fever.

Survivors are the heartbroken parents, one sister, Dalla Fay, 7; and a brother, Billie Ray, aged 5.

The Isaac Crouch Funeral home of this city had charge of funeral arrangements.

The North Baptist church had two good services Sunday. Rev. D. A. Grigg preached at the morning hour while Rev. J. E. Eldridge occupied the pulpit in the evening. These ministers are members of this church and preached for their pastor, Rev. G. B. Bradshaw, while he is attending his mother's bedside. The Bible School and Baptist Training Service were also well attended. W. A. Jackson is general superintendent of the Bible school, while W. A. Shelton is B. T. S. director.

Mrs. Lula Robinson has leased her vacant lot on South Tennessee street to the Sinclair Oil company. This fine lot is just two blocks south of the square on the Dallas-McKinney highway, Number 75. The Sinclair company has already begun the erection of a modern, new and up-to-date oil station and work is going right along on it. It will be ready for occupancy in about thirty days. Former Tax Assessor Orlia J. Moss will have charge of the company's business at this fine station when completed. McKinney continues to go right along.

Principals In Amnesia Drama

Stranger than fiction is the peculiar quirk of fate that has affected the lives of these three people. Edgar G. Allen (inset) disappeared from his home at Ridgewood, N. J., 22 years ago, leaving his wife and two small sons. The little family found never a trace of the missing husband and father until recently when Allen, an amnesia victim, was found in Knoxville, Tenn., under the name of Ted Morris. He had married again and had a thirteen-year-old daughter. Later he recovered his memory and is now back with his Ridgewood wife and sons. Above are Mrs. Ted Morris and her daughter, Dolores, Allen's Knoxville family, who have given up their husband and father to his first wife.

PIONEER LADY DIES AS RESULT OF ACCIDENT

Miss Mary Anne Cody, for many years a highly respected citizen of the Farmersville section, died on last Sunday at her home, which was the Cody old home place southeast of Farmersville. Some days previous, Miss Cody had suffered a broken hip as a result of a fall, and this injury caused her death. Funeral services were held at the I. O. O. F. pavilion at Farmersville Monday afternoon, the Rev. Frank Lancaster of Wylie, delivering a very touching and deserved tribute to the life and character of the deceased. He was assisted in the services by Pastor Thomas of the Farmersville Methodist church.

Miss Mary Anne Cody was born October 28, 1846, in Tennessee and was over 86 years of age at the time of her death. In her youth she came to Texas with her parents and lived for a time in Clarksville, later moving to the Farmersville section. For over a half century she has resided on the Cody farm southeast of Farmersville.

Martin Moses spent Sunday here with his family.

Miss Gertrude Gibson has returned from Dallas where she went to attend the marriage Saturday of Miss Ruth Norris to Tom Harrington. Misses Gibson and Norris were college friends at Baylor university, Waco.

REBEKAH LODGE ELECTS OFFICERS FRIDAY NIGHT

Rebekah Lodge No. 85 of this city held a meeting Friday at which officers for the following period were elected. Mrs. Lula McLeod, retiring Noble Grand, presided. The following officers were elected:

Mrs. H. Boone Johnson, noble grand.

Mrs. Anderson, vice-grand.

Mrs. Rommie Martin, conductress.

Mrs. Annie Strode, warden.

Mrs. Jim Hollandworth, secretary.

Mrs. Dink Meador, chaplain.

Mrs. Walter Hedgcoxe was elected delegate to the state convention to be held at Greenville.

CONGRESSMEN TO NAME POSTMASTER APPOINTEES

Congressman Wright Patman of The First Texas District, says: The only positions to be affected by reason of the change of administrations in which a democratic member of the house of representatives will be consulted, are those of postmasters; they will be consulted in regard to these appointments after an examination of all applicants has been held by the civil service commission, and, the list of eligibles has been certified to the post office department. All other positions so affected under present regulations will be controlled by United States senators. [illegible]

OVER $13,000 STATE AID FUND RECEIVED HERE

G. W. Holbrook, state aid inspector of Austin, and County Superintendent L. Dow Hendricks completed their visitations of Collin county schools Monday when the following schools were visited and inspected: Wylie Common, Wylie Independent, Renner and Murphy.

Assistant County Superintendent Malcolm Walters informs this editor that approximately half of the state aid, that has been recommended for Collin county schools this year, has already been received, amounting to around $13,000, and that this money is now available.

The Princeton Panthers lost by a narrow margin of 23-20 to Trenton High school in a game played at Princeton Friday night. The game was tied at the end of each of the first three quarters and there were never over three points difference in the score. Connor and Hughes topped the Trenton scorers with 10 points each, while A. Mack and H. Clayton led for Princeton with 6 points each.

The building owned by W. B. Mitchell, the druggist, and Senator Finch, which has been leased for a number of years by the McKinney Theater company, has been thoroughly overhauled and put in shape for the new theater. They will open about February 15.

SCORES UNEMPLOYED COME EVERY DAY TO CHAMBER OF COMMERCE APPLYING FOR WORK

The local committee at McKinney headed by F. Dudley Perkins in charge of the Reconstruction Finance Corporation direct federal aid for unemployment at McKinney is doing a job of larger magnitude than most of our citizens know or can realize.

For instance, on Thursday morning, which dawned bright and clear, calls came in to Mr. Perkins and his force of helpers at the Chamber of Commerce, consisting of Secretary W. Hammond Moore of that organization, and his assistant, Miss Lucy Joplin, and L. L. Elliot for 120 men to set out onion slips. These calls came from farmers living in and around McKinney and Princeton and also Melissa. Trucks were here to convey the men to the fields. Of course, this work commands more than a dollar a day, the prevailing wage being paid by government relief loan fund and consequently the applicants for jobs are glad to take other labor when available. The government unemployment fund is, therefore, relieved to this extent as long as work can be found in private avenues.

The organization set up for handling this refinance corporation loan fund from the government is acting as a clearing house in which the laborers and those wanting work done may come together.

The McKinney Chamber of Commerce auditorium and organization are coming in, in a mighty handy way, to help out in the unemployment emergency brought about by the depression. T. [illegible] of Commerce, its officers and attaches who are lending invaluable assistance in every way of determing the needs of the individuals in helping them to be placed out where they are most needed. Perhaps an average of 175 people go to the Chamber of Commerce every morning in quest of work or to receive assignments for the day.

The government permits this money to be expended only on certain kind of public enterprises and in accordance therewith, these laborers are working in Finch Park, Pecan Grove cemetery, the Fitzhugh Newsome Athletic field, streets or roads. Forty or fifty men are sent every day to the court house to be apportioned to the four county commissioners who use them in labor on lateral roads between main highways, mending bridges, cleaning out ditches, fixing culverts and remedying boggy places. About seventy men are assigned to the city and go to the municipal barn to be sent out under the direction of Street Commissioner W. C. Mills to rock quarries near McKinney and to work on four streets that are being rocked and prepared for graveling, if the city can finance the latter later on.

It was a wise piece of legislation that Congress enacted affording this direct unemployment relief by the Federal government to every town, county and state in the Union that need it during the depression.

CIVIL JURY WEEK OPENS IN 59TH DISTRICT COURT

Civil jury week opened in Fifty-Ninth District Court last (Monday) morning, presided over by District Judge F. E. Wilcox. The jury for the week was selected early Monday as follows: J. C. Flanery, J. O. Sealy, J. W. Betterson, Joe Uselton, Walter Nichols, J. J. Nash, J. W. Godwin, L. Webb, John Rose, W. E. Garner, F. B. Williams, J. D. Craft, J. O. Brooks, E. E. Adamson, G. M. Pharr, Hi Wilmeth, E. M. Rasor, L. C. Sumners, J. D. Mote, J. D. Holder, W. D. Morrow, R. W. Vines, I. P. Carr, I. J. Boren and J. W. Milstead.

Assignment for Week.

The assignment for this week follows:

Jeff Lee vs. Aetna Insurance company.

Mrs. Virgie Mayhugh vs. Modern Woodmen of America.

Mrs. Jewell Brazeal vs. the North Texas Oil company, et al.

Estate of Mrs. L. E. Brown, deceased.

R. L. Moulden, administrator of the K. M. Moore estate, vs. L. C. Hart.

Hon. John Doyle, who has been sick for several days at his home, 901 West Hunt street, is getting along very well and his friends opine that he will soon be up and out again. Mr. Doyle is one of the city's outstanding barristers. His friends are legion.

T. L. Burkes and family of Houston have moved to McKinney. Mr. Burkes will travel for the Duncan Coffee company. They have one of Mrs. J. M. Andrews' apartments, 410 South Benge street. The first thing Mr. Burkes did was to come into the Daily Courier-Gazette office and subscribe for the paper, a year in advance. He says McKinney is his home town, and having read a copy or two of our paper before, he subscribed. He tells us that it is one of the best local dailies in Texas. He says the best way on earth to become acquainted is to read the local paper. We had the pleasure of meeting Mr. Burkes and welcome him to our city.

GIN MARRIAGE LAW IN TEXAS TO BE REPEALED

The House has passed a bill repealing the "Gin Marriage Law Bill" passed several years ago, and it is said the senate will also pass the bill, too. While it is generally agreed that the law was a good one, the fact that none of the states bordering Texas has a similar law, has in a large measure made it ineffective. In all of the counties near the bordering states it has had the effect of doing away with home weddings, and this, coupled with the loss of fees to the state and the money that is being spent in these other states by those going there to get married, has raised the demand for its repeal.

Believed He Will Be Postmaster Genl. In Cabinet

James A. Farley, of New York, Chairman of the Democratic National Committee, who, it is believed, will be given the post of Postmaster General in President-elect Roosevelt's cabinet. He has had a long career in politics, but did not reach the national spotlight until he became campaign manager for Mr. Roosevelt in the recent Presidential election.

SPECIAL TRAINS WILL RUN TO FAT STOCK SHOW

Fort Worth, Feb. —Several cities and counties are planning to send special trains to Fort Worth during the Southwestern Exposition and Fat Stock Show which will be held from March 11 to 19 with the formal opening on Friday night, March 10. Letters from a number of Chambers of Commerce, county agents and others have been received by Manager John B. Davis stating that special trains, special cars or special buses are contemplated to bring delegations here.

Already Bosque county has started its arrangements for its third annual special train. More than 1,200 persons have ridden each Bosque special in past years. Wichita Falls Chamber of Commerce is planning to operate a special train to the show. A special also is being considered by the Gainesville Chamber.

Railroads and bus lines have announced that they will offer greatly reduced roundtrip rates, not only for special delegations but for individuals. Half of the reduced rate will prevail for children.

The exposition will soon announce the rates which will be among the lowest in years.

Walter True visited friends in McKinney Monday.

Clyde Geren continues critically ill at his home, 1303 Lela street. He has been confined to his home for several weeks. He is a member of the firm of Geren & Day, automobile dealers, South Tennessee street. Clyde is the son of R. E. Geren, former district clerk. His many friends hope that he will soon be up and out and regain his usual good health.

John Looper has rented a 100-acre farm near Kleburg, Dallas county, and moved there with his family. He is a fine fellow, a real farmer. All of his friends regret to see him move away. Hope, however, he will come back. He will. Just wait and see. Most all of them come back.

Mrs. Aubrey Hamilton left Monday morning for Muskogee, Oklahoma, to attend the bedside of her brother, Henry Taylor, who is critically ill in the government hospital there. Mr. Taylor is a nephew of Mr. and Mrs. J. A. Taylor of this city.

CIGARETTE TAX BRINGS REVENUE OF $3,700,000

Members of the House Appropriations Committee, at Austin, discussed departmental expenses. The committee was in session two hours, devoting that period to the State Treasurer's office. State Treasurer Charley Lockhart was present. The expense account for Lockhart's budget was reviewed, including the employes of the various divisions of each department. Lockhart said that for the fiscal year ending Aug. 31, 1932, revenues from the cigarette tax aggregated $3,700,000, and that the total revenue from that source since the law became effective was almost $5,000,000. The State is losing at present, as estimated, about [illegible]

COMETS TRIM CULLEOKA HI AT COLISEUM

The Cotton Mill Comets, coached by Hack Miller and managed by Bob Bryan, had little trouble polishing off the Culleoka Indian Maids at the coliseum court Saturday night by a score of 35-9. Substitutes were used during much of the game. Oka Hood, for the Comets, was high scorer with 16 points, while Ford scored 9 and Ila Belle Montgomery tossed in 6. Miss Montgomery, a new addition to the team, has rapidly developed into a real forward and in addition was used part of the time in the Culleoka game at guard, where she showed up equally well. She was the star on the Farmersville High sextet last year and was one of the leading scorers of the county For Culleoka, Akin with 6 points and Godwin with 3, stood out. The Meteors, the Cotton Mill boys, had little trouble defeating the Anna Independents.

The Comets' line-up follows: Oka Hood, Frances Roper and Ila Belle Montgomery, forwards; Nila Wilkins, Bridges and Bonnie Hackney, guards.

Rev. Thomas Newton Hill, who has been a missionary of the Christian church in India since 1918, spoke at the regular afternoon vesper services at the First Christian church at 5:30 o'clock Sunday. He spoke on conditions in India and his experiences there. Rev. Mr. Hill, who is an accomplished speaker and who understands the Indian situation thoroughly, brought an interesting, helpful message to the congregation. He was introduced by Dr. Clifford S. Weaver, pastor.

RESTLAND PARK BEAUTIFIED BY M'KINNEY FIRM

People from this city and county in going to and from Dallas over the highway greatly admire the beautification of Restland Memorial Park, just north of Dallas, which has been greatly improved in an artistic way during the last two or three years. But not many of them know that Lee Hedgcoxe & Son have furnished practically all of the evergreens and shrubbery set out in that beautiful landscaped burial ground, coming from their nursery in McKinney.

Lee Hedgcoxe and son have furnished practically all of this stock for it during the past two years. Lee Hedgcoxe states that his McKinney nursery is receiving not only a splendid local patronage but is also enjoying a growing trade over a large district in a radius of thirty or forty miles around McKinney.

Restland Memorial Park grounds have been laid off in an expansive way at considerable expense. It is one of the most beautiful cemeteries of North Texas. It is conspicuous on account of the absence of gravestones and monuments and has an imposing arched entrance of artistic masonry fronting on the broad, brick highway.

DALLAS JUNIOR C. OF C. PLANS REGIONAL MEET

Dallas, Texas, (Special) Feb. 3. —Dallas Junior Chamber of Commerce members are making plans now for the annual regional conference of the United States Junior Chamber of Commerce which will be held in Dallas February 24 and 25.

Delegates from Junior Chamber organizations in Texas, Oklahoma and Kansas will attend the meeting which is being planned along the lines of a miniature national convention. Junior Chamber representatives from organizations outside of the tri-state conference are also expected to attend the Dallas convention drawn from the wide-spread fame of such previous meetings.

Tentative plans for the Dallas convention call for a full day of business sessions and round table conferences on Saturday, February 25, rounded off that night with a banquet and dance. Friday night a stag party will be given for the delegates and Sunday final conferences will be held.

Several outstanding speakers have been secured for the convention meetings, according to Howard Hayden, vice-president of the United States Junior Chamber of Commerce and member of the Dallas organization, who is general chairman for the conference. Mr. Hayden is being assisted in the convention plans by a large committee of the Dallas organization.

FOUR PERSONS KILLED IN RIOTS IN GERMANY

Berlin, Feb. 6.—Four persons, a Nazi leader and two Reichsbannermen, were killed and about forty were injured Sunday in political fights in several parts of Germany.

Their deaths brought to more than twenty the number of fatalities in Nazi-Communist knife and gun battles since Adolf Hitler became Chancellor last Monday. Nearly 100 others have been wounded, not a few seriously.

And while these skirmishes were going on, executives of various parties were laying plans for pre-election campaigns, Herr Hitler was on his way to Munich to organize a campaign, and thousands of persons, including Nazi storm troopers, paid homage to a Nazi storm troop leader and a policeman who were killed last week in fights with Communists. The election is March 5.

Sunday's fight occurred in the Provinces of the Rhine, Silesia, Saxony, and Prussia.

At Seckenhess, a suburb of Mannheim, a policeman was shot dead by a rowdy.

Nazi Leader Killed.

In Bochum, the Nazi leader, Paul Passman, was shot dead by Communists. Five bullets entered his body. In Breslau one Reichsbannerman was killed and eleven wounded in a fight with knives. Another Reichsbannerman was slain in Chemnitz. Two were wounded there.

In Dusseldorf eight were hurt during battles in various parts of the city, after four busloads of Nazis were shot at from windows. Munich, Leipzig and Danzig also reported bloodshed.

RAYMOND LITTRELL HELPS RELIEVE UNEMPLOYMENT

Raymond Littrell, whose wife is one of the teachers at Chambersville, has been busy for a few days in setting out thirty acres of onion slips on land adjoining the town of Melissa, just south of that village.

Mr. Littrell has given work to something like sixty-five men for several days—about twenty-five of them from in and around Melissa who need the labor and about forty that he has been getting from McKinney.

He came down each morning in a large truck to the street in front of the local Chamber of Commerce, where local Refinance Corporation Unemployment Relief Director F. Dudley Perkins, assisted by Secretary W. Hammond Moore of the Chamber of Commerce, assigned laborers to him.

While the Refinance Corporation Unemployment Relief agency does not join in paying wages for labor for individuals, yet they are glad to serve as a clearing house for those who want work to come to and those who need laborers to meet and find the help they are wanting.

Mr. Littrell's field has presented a busy scene with 65 to 70 laborers all at work in it at the same time.

Mrs. B. W. Brown and two sons, Emory and Clyde, who live in Collinsworth county, West Texas, are here visiting her brother, A. D. Hope, head of the big A. D. Hope & Sons hardware and furniture store of McKinney.

Vital Statistics Record.

Justice Craus, who is the registrar of the Bureau of Vital Statistics for Justice Precinct No. 1 McKinney, reports the birth of sixteen boys and nine girls, and twenty-five deaths for the month of January.

In conversation with Justice Craus, he tells us that it is highly important for any citizen having knowledge of the death or assisting in the burial of any person where the services of an undertaker is not employed, to report same to the vital statistics bureau in order that a complete record may be kept for reference which in many instances proves of vital interest and often times benefit to relatives and the public in general. Justice Craus also calls attention of parents to the necessity of having their children's names recorded for various reasons, as for instance, in becoming of age and wanting to vote, contesting of wills, and in case of war. Any parents knowing their children's names not being on record, can make proper affidavit before a registrar, and the names will be sent to Austin. The bureau of vital statistics for his Precinct No. 1 only registered 90 per cent last month. Justice Craus wants to bring it up to 100 per cent.

ESTABLISHED FEBRUARY 7, 1884. McKINNEY, TEXAS, THURSDAY, FEB. 9, 1933.——SECOND SECTION. FIFTIETH YEAR

CROP PRODUCTION LOANS TO EQUAL $90,000,000

President Hoover has signed the bill providing $90,000,000 for crop production loans to farmers this year.

A. H. (Hardy) Eubanks, county chairman, who is head of a committee of Collin citizens, for the distribution of the loan in this county. He estimates that approximately $30,000 in 300 loans will be made to Collin farmers.

Members of the committee who will have charge of the loans in this county are: R. A. Davis, Plano; C. E. Stewart, Blue Ridge; Joe Aston, Farmersville; H. G. Giles, Anna; C. M. Moore, Celina; C. W. Montgomery, Frisco; U. N. Clary, Prosper.

The measure, as finally approved by Congress, was a compromise between the bill authorizing $75,000,000 passed by the House and one calling for more than $100,000,000 approved by the Senate.

Measures for production loans to farmers have been passed virtually every year since 1921, but the sums were comparatively small until 1930, when approximately $60,000,000 was voted after a severe drouth which seared large sections in the south and west.

The production loans will be under the supervision of the Department of Agriculture. Rules laid down by the department last year limited the amount an individual farmer might borrow to $400 and those to landlords with tenants to $1,600.

As security for the loan, the department takes a lien on the crop.

The primary purpose of the bill is to furnish funds for crop production, but money may also be loaned under its terms to harvest crops.

MISS OPHELIA WEBB BRIDE OF J. D. WILMETH

Miss Ophelia Webb, daughter of Mr. and Mrs. C. N. Webb of the Roland community, became the bride of James Dow Wilmeth, son of Mr. and Mrs. Jim Wilmeth, living north of McKinney, in a pretty wedding ceremony at 9:30 o'clock Sunday morning, the marriage taking place in the home of the bride's aunts, Misses Maude and Bain Webb, residing on North Church street.

The marriage was the culmination of a long friendship, the couple having been childhood sweethearts. Rev. A. H. Snider, pastor of the East McKinney Christian church, united the two in marriage, using the ring ceremony.

The young couple left immediately for Longview, where they will make their future home and where the groom is connected with an oil company.

The bride was attractive in a traveling suit of blue, with accessories to match. The Webb home was made attractive with beautiful ferns, sweetpeas, jonquils and other blossoming plants.

Only a few members of the immediate families were present, including the bride's parents, Mr. and Mrs. C. N. Webb and her sister, Miss Cecilia; Misses Maude and Bain Webb, Mr. and Mrs. Jim Wilmeth and Mrs. Wilmeth's mother, Mrs. Mayden; Mr. and Mrs. Hi Wilmeth, Mr. and Mrs. Wilmer (Buddy) Wilmeth, Mr. and Mrs. Buford Thompson and daughter, Maybeth, and Mr. and Mrs. Lon Nichols.

The bride, a native of this county, has resided all her life on the farm where she was born in the Roland community. She attended school at Roland, then McKinney, finally attending a business school at Amarillo. She also taught school in this county. She is well-known to a host of friends, who have learned to admire her for her natural charm and winsome personality.

The groom is also a native of this county, being born on the old Wilmeth homestead north of the city. He received his education in this county, later entering the business field and for some time has held a responsible position with an oil firm in Longview.

The marriage of this popular young couple unites two of Collin county's best-known and pioneer families. Their many friends all over the county extend a multitude of wishes for a long and happy wedded life together.

LIONESSES KEEP RECORD CLEAR; DEFEAT PLANO

The McKinney High Lionesses kept their conference record clear of defeats Friday night as they defeated the Plano High Wildkitts in Plano, 26 to 11. The locals have not been defeated in conference competition in three years. Only one conference game remains on their schedule, that being with the Farmersville High Farmerettes to be played here this week.

Vaneta LaFollette and Alice Russell, forward and guard, respectively, proved to be the "spark plugs" of Friday's game, both playing their best game of the season. LaFollette won high scoring honors with 17 points, while Jane Adams, who played for the Lionesses during the early part of the season, scored 8 for the Wildkitts. Capt. Latane Boyer and Neil Pollard scored 5 and 4, respectively, for the locals. Minnie Lou Giddings sank 2 and Usselton 1 for the South Collin sextet.

McKinney led 7 to 2 at the end of the first quarter, 13 to 9 at the half and 24 to 11 at the end of the third quarter.

The Lionesses will probably play the Textile Mill Comets one night during the week and will journey to Sherman February 16. Games are also being planned with Celeste and Highland Park High.

F. B. POPE'S NEW RESIDENCE WILL SOON BE COMPLETED

F. B. Pope's fine new six-room house on South Kentucky street will soon be completed. It is one of the neatest and most modern homes in the city. Mr. Pope recently built one just south of the one he is now building. He, several months ago, purchased the old J. P. Crouch homeplace, razing the old home to the ground, and erecting one of the most modern, up-to-date oil stations in the city, leasing it to the Gulf people. On the west lot, he built two modern new cottages.

He is a real town-builder, F. B. Pope. J. Duey May is his general superintendent for all work done. Give us a dozen Bud Popes and our town will double in population in one year, regardless of depression. In fact, depression has not stopped Bud Pope. He knows we have the best town in Texas. He was born and reared here and is not afraid to put his money in the town where he was reared.

Funeral Held Sunday For LeRoy Spurgeon, Aged 3

Funeral services for Leroy Spurgeon, little three-year-old son of Mr. and Mrs. Ernest Spurgeon, who reside west of McKinney, were held Sunday afternoon at 3:30 o'clock at the family residence, conducted by Dr. Clifford S. Weaver, pastor of the First Christian church, and Earl Hill, pastor of the Foote Baptist church. Interment followed in Pecan Grove cemetery.

The child died Saturday morning following a ten-day illness of double pneumonia and scarlet fever.

Survivors are the heartbroken parents, one sister, Dalla Fay, 7; and a brother, Billie Ray, aged 5.

The Isaac Crouch Funeral home of this city had charge of funeral arrangements.

The North Baptist church had two good services Sunday. Rev. O. A. Grigg preached at the morning hour while Rev. J. E. Eldridge occupied the pulpit in the evening. These ministers are members of this church and preached for their pastor, Rev. G. B. Bradshaw, while he is attending his mother's bedside. The Bible School and Baptist Training Service were also well attended. W. A. Jackson is general superintendent of the Bible school, while W. A. Shelton is B. T. S. director.

Mrs. Lula Robinson has leased her vacant lot on South Tennessee street to the Sinclair Oil company. This fine lot is just two blocks south of the square on the Dallas-McKinney highway, Number 75. The Sinclair company has already begun the erection of a modern, new and up-to-date oil station and work is going right along on it. It will be ready for occupancy in about thirty days. Former Tax Assessor Crila J. Moss will have charge of the company's business at this fine station when completed. McKinney continues to go right along.

Principals In Amnesia Drama

Stranger than fiction is the peculiar quirk of fate that has affected the lives of these three people. Edgar G. Allen (inset) disappeared from his home at Ridgewood, N. J., 22 years ago, leaving his wife and two small sons. The little family found never a trace of the missing husband and father until recently when Allen, an amnesia victim, was found in Knoxville, Tenn., under the name of Ted Morris. He had married again and had a thirteen-year-old daughter. Later he recovered his memory and is now back with his Ridgewood wife and sons. Above are Mrs. Ted Morris and her daughter, Dolores, Allen's Knoxville family, who have given up their husband and father to his first wife.

PIONEER LADY DIES AS RESULT OF ACCIDENT

Miss Mary Anne Cody, for many years a highly respected citizen of the Farmersville section, died on last Sunday at her home, which was the Cody old home place southeast of Farmersville. Some days previous, Miss Cody had suffered a broken hip as a result of a fall, and this injury caused her death. Funeral services were held at the I. O. O. F. pavilion at Farmersville Monday afternoon, the Rev. Frank Lancaster of Wylie, delivering a very touching and deserved tribute to the life and character of the deceased. He was assisted in the services by Pastor Thomas of the Farmersville Methodist church.

Miss Mary Anne Cody was born October 28, 1846, in Tennessee and was over 86 years of age at the time of her death. In her youth she came to Texas with her parents and lived for a time in Clarksville, later moving to the Farmersville section. For over a half century she has resided on the Cody farm southeast of Farmersville.

Martin Moses spent Sunday here with his family.

Miss Gertrude Gibson has returned from Dallas where she went to attend the marriage Saturday of Miss Ruth Norris to Tom Harrington. Misses Gibson and Norris were college friends at Baylor university, Waco.

OVER $13,000 STATE AID FUND RECEIVED HERE

G. W. Holbrook, state aid inspector of Austin, and County Superintendent L. Dow Hendricks completed their visitations of Collin county schools Monday when the following schools were visited and inspected: Wylie Common, Wylie Independent, Renner and Murphy.

Assistant County Superintendent Malcolm Walters informs this editor that approximately half of the state aid, that has been recommended for Collin county schools this year, has already been received, amounting to around $13,000, and that this money is now available.

The Princeton Panthers lost by a narrow margin of 23-20 to Trenton High school in a game played at Princeton Friday night. The game was tied at the end of each of the first three quarters and there were never over three points difference in the score. Connor and Hughes topped the Trenton scorers with 10 points each, while A. Mack and H. Clayton led for Princeton with 6 points each.

The building owned by W. B. Mitchell, the druggist, and Senator Finch, which has been leased for a number of years by the McKinney Theater company, has been thoroughly overhauled and put in shape for the new theater. They will open about February 15.

REBEKAH LODGE ELECTS OFFICERS FRIDAY NIGHT

Rebekah Lodge No. 85 of this city held a meeting Friday at which officers for the following period were elected. Mrs. Lula McLeod, retiring Noble Grand, presided. The following officers were elected:

Mrs. H. Boone Johnson, noble grand.

Mrs. Anderson, vice-grand.

Mrs. Rommie Martin, conductress.

Mrs. Annie Strode, warden.

Mrs. Jim Hollandworth, secretary.

Mrs. Dink Meador, chaplain.

Mrs. Walter Hedgcoxe was elected delegate to the state convention to be held at Greenville.

CONGRESSMEN TO NAME POSTMASTER APPOINTEES

Congressman Wright Patman of The First Texas District, says: The only positions to be affected by reason of the change of administrations in which a democratic member of the house of representatives will be consulted, are those of postmasters; they will be consulted in regard to these appointments after an examination of all applicants has been held by the civil service commission, and the list of eligibles has been certified to the post office department ...

SCORES UNEMPLOYED COME EVERY DAY TO CHAMBER OF COMMERCE APPLYING FOR WORK

The local committee at McKinney headed by F. Dudley Perkins in charge of the Reconstruction Finance Corporation direct federal aid for unemployment at McKinney is doing a job of larger magnitude than most of our citizens know or can realize.

For instance, on Thursday morning, which dawned bright and clear, calls came in to Mr. Perkins and his force of helpers at the Chamber of Commerce, consisting of Secretary W. Hammond Moore of that organization, and his assistant, Miss Lucy Joplin, and L. L. Elliot, for 120 men to set out onion slips. These calls came from farmers living in and around McKinney and Princeton and also Melissa. Trucks were here to convey the men to the fields. Of course, this work commands more than a dollar a day, the prevailing wage being paid by government relief loan fund and consequently the applicants for jobs are glad to take other labor when available. The government unemployment fund is, therefore, relieved to this extent as long as work can be found in private avenues.

The organization set up for handling this refinance corporation loan fund from the government is acting as a clearing house in which the laborers and those wanting work done may come together.

The McKinney Chamber of Commerce auditorium and organization ...

of Commerce, its officers and attaches who are lending invaluable assistance in every way of determining the needs of the individuals in helping them to be placed out where they are most needed. Perhaps an average of 175 people go to the Chamber of Commerce every morning in quest of work or to receive assignments for the day.

The government permits this money to be expended only on certain kind of public enterprises and in accordance therewith, these laborers are working in Finch Park, Pecan Grove cemetery, the Pitzhugh Newsome Athletic field, streets or roads. Forty or fifty men are sent every day to the court house to be apportioned to the four county commissioners who use them in labor on lateral roads between main highways, mending bridges, cleaning out ditches, fixing culverts and remedying boggy places. About seventy men are assigned to the city and go to the municipal barn to be sent out under the direction of Street Commissioner W. C. Mills to rock quarries near McKinney and to work on four streets that are being rocked and prepared for graveling, if the city can finance the latter later on.

It was a wise piece of legislation that Congress enacted affording this direct unemployment relief by the Federal government to every city, county and state in the Union that need it during the depression.

Assignment for Week.

The assignment for this week follows:

Jeff Lee vs. Aetna Insurance company.

Mrs. Virgie Mayhugh vs. Modern Woodmen of America.

Mrs. Jewell Brazeal vs. the North Texas Oil company, et al.

Estate of Mrs. L. E. Brown, deceased.

R. L. Moulden, administrator of the K. M. Moore estate, vs. L. C. Hart.

Hon. John Doyle, who has been sick for several days at his home, 501 West Hunt street, is getting along very well and his friends opine that he will soon be up and out again. Mr. Doyle is one of the city's outstanding barristers. His friends are legion.

T. L. Burkes and family of Houston have moved to McKinney. Mr. Burkes will travel for the Duncan Coffee company. They have one of Mrs. J. M. Andrews' apartments, 410 South Benge street. The first thing Mr. Burkes did was to come into the Daily Courier-Gazette office and subscribe for the paper, a year in advance. He says McKinney is his home town, and having read a copy or two of our paper before, he subscribed. He tells us that it is one of the best local dailies in Texas. He says the best way on earth to become acquainted is to read the local paper. We had the pleasure of meeting Mr. Burkes and welcome him to our city.

GIN MARRIAGE LAW IN TEXAS TO BE REPEALED

The House has passed a bill repealing the "Gin Marriage Law Bill" passed several years ago, and it is said the senate will also pass the bill, too. While it is generally agreed that the law was a good one, the fact that none of the states bordering Texas has a similar law, has in a large measure made it ineffective. In all of the counties near the bordering states it has had the effect of doing away with home weddings, and this coupled with the loss of fees to the state and the money that is being spent in these other states by those going there to get married, has raised the demand for its repeal.

CIGARETTE TAX BRINGS REVENUE OF $3,700,000

Members of the House Appropriations Committee, at Austin, discussed departmental expenses. The committee was in session two hours, devoting that period to the State Treasurer's office. State Treasurer Charley Lockhart was present. The expense account for Lockhart's budget was reviewed, including the employes of the various divisions of each department. Lockhart said that for the fiscal year ending Aug. 31, 1932, revenues from the cigarette tax aggregated $3,700,000, and that the total revenue from that source since the law became effective was almost $6,000,000. ... $1,500,000 ...

Believed He Will Be Postmaster Genl. In Cabinet

James A. Farley, of New York, Chairman of the Democratic National Committee, who, it is believed, will be given the post of Postmaster General in President-elect Roosevelt's cabinet. He has had a long career in politics, but did not reach the national spotlight until he became campaign manager for Mr. Roosevelt in the recent Presidential election.

SPECIAL TRAINS WILL RUN TO FAT STOCK SHOW

Fort Worth, Feb. ——Several cities and counties are planning to send special trains to Fort Worth during the Southwestern Exposition and Fat Stock Show which will be held from March 11 to 19 with the formal opening on Friday night, March 10. Letters from a number of Chambers of Commerce, county agents and others have been received by Manager John B. Davis stating that special trains, special cars or special buses are contemplated to bring delegations here.

Already Bosque county has started its arrangements for its third annual special train. More than 1,200 persons have ridden each Bosque special in past years. Wichita Falls Chamber of Commerce is planning to operate a special train to the show. A special also is being considered by the Gainesville Chamber.

Railroads and bus lines have announced that they will offer greatly reduced roundtrip rates, not only for special delegations but for individuals. Half of the reduced rate will prevail for children.

The exposition will soon announce the rates which will be among the lowest in years.

Clyde Geren continues critically ill at his home, 1303 Leic street. He has been confined to his home for several weeks. He is a member of the firm of Geren & Day, automobile dealers, South Tennessee street. Clyde is the son of R. E. Geren, former district clerk. His many friends hope that he will soon be up and out and regain his usual good health.

John Looper has rented a 100-acre farm near Kleburg, Dallas county, and moved there with his family. He is a fine fellow, a real farmer. All of his friends regret to see him move away. Hope, however, he will come back. He will. Just wait and see. Most all of them come back.

Mrs. Aubrey Hamilton left Monday morning for Muskogee, Oklahoma, to attend the bedside of her brother, Henry Taylor, who is critically ill in the government hospital there. Mr. Taylor is a nephew of Mr. and Mrs. J. A. Taylor of this city.

COMETS TRIM CULLEOKA HI AT COLISEUM

The Cotton Mill Comets, coached by Hack Miller and managed by Bob Bryan, had little trouble polishing off the Culleoka Indian Maids at the coliseum court Saturday night by a score of 35-9. Substitutes were used during much of the game. Oka Hood, for the Comets, was high scorer with 16 points, while Ford scored 9 and Ila Belle Montgomery tossed in 6. Miss Montgomery, a new addition to the team, has rapidly developed into a real forward and in addition was used for some time in the Culleoka game at guard, where she showed up equally well. She was the star on the Farmersville High sextet last year and was one of the leading scorers of the county. For Culleoka, Akin with 6 points and Godwin with 3, stood out. The Meteors, the Cotton Mill boys, had little trouble defeating the Anna Independents.

The Comets' line-up follows: Oka Hood, Frances Roper and Ila Belle Montgomery, forwards; Nila Wilkins, Bridges and Bonnie Hackney, guards.

Rev. Thomas Newton Hill, who has been a missionary of the Christian church in India since 1918, spoke at the regular afternoon vesper services at the First Christian church at 5:30 o'clock Sunday. He spoke on conditions in India and his experiences there. Rev. Mr. Hill, who is an accomplished speaker and who understands the Indian situation thoroughly, brought an interesting, helpful message to the congregation. He was introduced by Dr. Clifford S. Weaver, pastor.

RESTLAND PARK BEAUTIFIED BY M'KINNEY FIRM

People from this city and county in going to and from Dallas over the highway greatly admire the beautification of Restland Memorial Park, just north of Dallas, which has been greatly improved in an artistic way during the last two or three years. But not many of them know that Lee Hedgcoxe & Son have furnished practically all of the evergreens and shrubbery set out in that beautiful landscaped burial ground, coming from their nursery in McKinney.

Lee Hedgcoxe and son have furnished practically all of this stock for it during the past two years. Lee Hedgcoxe states that his McKinney nursery is receiving not only a splendid local patronage but is also enjoying a growing trade over a large district in a radius of thirty or forty miles around McKinney.

Restland Memorial Park grounds have been laid off in an expensive way at considerable expense. It is one of the most beautiful cemeteries of North Texas. It is conspicuous on account of the absence of gravestones and monuments and has an imposing arched entrance of artistic masonry fronting on the broad, brick highway.

DALLAS JUNIOR C. OF C. PLANS REGIONAL MEET

Dallas, Texas, (Special) Feb. 8. —Dallas Junior Chamber of Commerce members are making plans now for the annual regional conference of the United States Junior Chamber of Commerce which will be held in Dallas February 24 and 25.

Delegates from Junior Chamber organizations in Texas, Oklahoma and Kansas will attend the meeting which is being planned along the lines of a miniature national convention. Junior Chamber representatives from organizations outside of the tri-state conference are also expected to attend the Dallas convention drawn from the wide-spread fame of such previous meetings.

Tentative plans for the Dallas convention call for a full day of business sessions and round table conferences on Saturday, February 25, rounded off that night with a banquet and dance. Friday night a stag party will be given for the delegates and Sunday final conferences will be held.

Several outstanding speakers have been secured for the convention meetings, according to Howard Hayden, vice-president of the United States Junior Chamber of Commerce and member of the Dallas organization, who is general chairman for the conference. Mr. Hayden is being assisted in the convention plans by a large committee of the Dallas organization.

FOUR PERSONS KILLED IN RIOTS IN GERMANY

Berlin, Feb. 6.—Four persons, a Nazi leader and two Reichsbannermen, were killed and about forty were injured Sunday in political fights in several parts of Germany.

Their deaths brought to more than twenty the number of fatalities in Nazi-Communist knife and gun battles since Adolf Hitler became Chancellor last Monday. Nearly 100 others have been wounded, not a few seriously.

And while these skirmishes were going on, executives of various parties were laying plans for pre-election campaigns, Herr Hitler was on his way to Munich to organize a campaign, and thousands of persons, including Nazi storm troopers, paid homage to a Nazi storm troop leader and a policeman who were killed last week in fights with Communists. The election is March 5.

Sunday's fight occurred in the Provinces of the Rhine, Silesia, Saxony, and Prussia.

At Seckenheim, a suburb of Mannheim, a policeman was shot dead by a rowdy.

Nazi Leader Killed.

In Bochum, the Nazi leader, Paul Passman, was shot dead by Communists. Five bullets entered his body. In Breslau one Reichsbannerman was killed and eleven wounded in a fight with knives. Another Reichsbannerman was slain in Chemnitz. Two were wounded there.

In Dusseldorf eight were hurt during battles in various parts of the city, after four busloads of Nazis were shot at from windows. Munich, Leipzig and Danzig also reported bloodshed.

RAYMOND LITTRELL HELPS RELIEVE UNEMPLOYMENT

Raymond Littrell, whose wife is one of the teachers at Chambersville, has been busy for a few days in setting out thirty acres of onion slips on land adjoining the town of Melissa, just south of that village.

Mr. Littrell has given work to something like sixty-five men for several days—about twenty-five of them from in and around Melissa who need the labor and about forty that he has been getting from McKinney.

He came down each morning in a large truck to the street in front of the local Chamber of Commerce, where local Refinance Corporation Unemployment Relief Director F. Dudley Perkins, assisted by Secretary W. Hammond Moore of the Chamber of Commerce, assigned laborers to him.

While the Refinance Corporation Unemployment Relief agency does not join in paying wages for labor for individuals, yet they are glad to serve as a clearing house for those who want work to come to and those who need laborers to meet and find the help they are wanting.

Mr. Littrell's field has presented a busy scene with 65 to 70 laborers all at work in it at the same time.

Mrs. B. W. Brown and two sons, Emory and Clyde, who live in Collinsworth county, West Texas, are here visiting her brother, A. D. Hope, head of the big A. D. Hope & Sons hardware and furniture store of McKinney.

THURSDAY, FEBRUARY 9, 1933.

If the wets have their longings gratified, when Uncle Sam counts noses in the census of 1940, he will find many more red ones than in the 1930 count.

It is a sight to see the way free space seekers swamp the average newspaper's mail. Our waste basket gets practically all of this useless postage sent to this paper.

Oat sowing time has rolled around again. Farmers are anxious to get into their fields for this purpose and to also plant their onions.

"Put the milk pitcher back on the table" is a slogan that the National Dairy Council is using in launching a campaign throughout Texas to increase milk drinking. Lots of good sense in this slogan if practiced.

A high-brow Republican says that the Democratic party is "the party of the unlettered." They may not be men of letters, but they'll be postmasters in a few weeks.—Southern Lumberman.

Use a little more paint on your property in dressing it up so it will be a credit to the community. Painters need the work, paint is cheaper as well as labor. Paint protects your property, too.

Collin County has ginned 68,787 bales of cotton from the 1932 crop up to January 16 so shows the government report as made by I. R. Dillow, county cotton statistician. At the same date in 1932, he reported 102,648 bales or 33,861 more than he counted this year.

We learn where overalls have come down in some country towns to twenty-five cents per pair. That's mighty fine. It gives the chance to a farmer to buy something that he needs and the price he needs when he has to sell oats and corn at 10 to 15 cents per bushel.

Learn to take the weather as it comes without fretting or worrying. You can't do a thing about it. Then, why keep on trying to butt in where you are utterly powerless. It is wasted nervous energy, altogether harmful and in no conceivable way beneficial. Cut it out.

Perhaps the most famous highway in the world is the Appian Way, which road was built by Appius Claudius, in Italy, 300 years before Christ. It extends out from Rome a distance of 448 miles. It was constructed for military purposes, and a large portion of it is still in use today, 2200 years afterwards. This is what may properly be called a permanent highway.

Texas' governor is so anxious to abolish useless offices and reduce expenses that she recommends increasing Highway Commissioners from three to five with salaries aggregating more than three times what the commissioners are now paid, says The Bonham Favorite. This is done, we suppose, wholly in the interest of the poor—the poor fellows now without salaries to be paid by the public.

Dr. R. A. Largent, owner of the Golden Glow Hatchery at McKinney, the largest in this section of the country, has received an order for 400 chicks from General Jose Alvarez, a distinguished Mexican military leader of Mexico City and the owner of a large hacienda. Dr. Largent has several times, at the invitation of the Mexican government, visited that country as an advisor on its poultry industry.

The first month of the new year has gone. We are now in February, rarin' to sow oats, plant and set out onions and put the finishing touches on the preparation of our corn and cotton land. Some little gardening is already being done in the way of planting early spring vegetables that are capable of withstanding frost and light freezes. We like spring. It can't come too soon to suit us.

Dr. Adolph Lorenz of Vienna, back in America, will continue here as he has continued at home his useful work of bloodless surgery. Men past 70 with the bad habit of calling themselves "old" will find encouragement in Dr. Lorenz' achievement. He has treated 50,000 cases. His operations call for great physical effort, yet Dr. Lorenz is active, mentally, and physically as powerful as ever and he is 78 years old. Who said any thing about the "Dodo bird?"

Editor J. S. Bagwell of the Sulphur Springs News-Telegram has a chip on his shoulder and dares anyone to knock it off. Hear him as he says: It has been more than a week since the Echo man has met one of the old Dripping Wets around town and had a knock-down and drag-out argument over foaming beer and repeal of the Eighteenth Amendment. We are still ready and rearing to go any time, anywhere with anyone who wants to get our opinion privately or publicly on these important questions, and we bar no Dripping Wet who dares to face us.

Someone has said that the Lone Star state possesses qualities and quanities sufficient for an empire—and, in fact, it is the only state which at one time was an independent and sovereign nation. Over it, as a unit, six flags have waved during its history—those of Spain, France, Mexico, Republic of Texas, the Confederacy and the United States. The one-hundredth celebration of its independence from Mexico domination will be staged in 1936. This Centennial celebration should be projected in keeping with the entrancingly romantic history of the state.

McKinney has an elegant old Southern gentleman in the person of Capt. William H. Bristol going cheerily along in his ninety-seventh year. He is healthy, sleeps and eats well, reads newspapers and the Bible without the aid of glasses and enjoys solving newspaper puzzles. He writes on his typewriter every day and still plays well on his musical old violin. When he gets tired of these pastimes, he will go out in the yard or garden, if weather is favorable and find recreation in doing the chores about the place for the women folks just like he had to do for his mother when he was a little boy nearly a century ago. Come to McKinney and live to be an old man.

Miss Helen Dunlap, county home demonstration agent, is proud of her 4-H Club girls, as well as the clubs for their mothers. These girls have much to show for the training they are receiving. They learn how to can, how to sew and make their own garments and are given an all-round training in home making. We just don't see how we ever got along without this form of extension service—training our future home makers in the art of making better and happier homes. After all that can be said on the subject, our civilization depends upon the homes of the nation—the well kept, happy homes.

Editor E. J. Parker of the Sherman Democrat, who was reared in McKinney, in speaking of the recent death of Mrs. J. L. Doggett, says: "We see in the McKinney Courier-Gazette, edited by Tom W. Perkins and Walter B. Wilson, that Mrs. J. L. Doggett has passed from the ranks of the living and entered her home eternal. We remember when Mrs. Doggett came to McKinney as a bride from Virginia. Mr. Doggett, then mayor of McKinney, had bought the old Thomas Batson place in North McKinney, and the family of this writer lived the next door north. She was a fine woman and reared a fine family. One by one the pioneers of McKinney and Collin county are answering the roll call.

Dr. William DeKleine, medical assistant to the vice chairman of the American Red Cross, gives out some statistics of the relief in many instances of persons stricken with disease, who have been helped through the health agencies of the Red Cross. Pellagra, a malady particularly responsive to economic hardship, is the index he uses. From 1290 to 1928 the death rates from this malady increased. However, since then, they have steadily decreased from ten to fifty per cent under those of your years ago. The average decrease has been about 54 per cent. Gardening, canning, food relief, the distribution of powdered yeast, and educational work conducted by the Red Cross, in Pellagra cases, is probably the explanation for the decrease.

How the many legends of the deeds of Frank and Jesse James, the Younger brothers and many other famous Southwestern outlaws may be seen in the modern version as represented by Pretty Boy Floyd, Oklahoma outlaw. Every time a bank is held up and robbed, Floyd is the first man accused—that is, if the robbery takes place between Kansas City and Galveston or Shreveport and Amarillo. His reputation and the supposedly wide range of his deeds has caused many outlaws to operate in his territory, letting Pretty Boy take the blame. We are not saying that Floyd has not robbed many banks; he has, too many by far, but he has not done all laid upon his back and Texas, Oklahoma, Kansas, Missouri and Louisiana peace officers would do well to try and trace someone else down; since, they, apparently, have very little luck with "Pretty Boy."

Texas must make adeuate preparation to observe its Centennial celebration during the year 1936. Texas has everything—plains, mountains, seashore. Texas, in the highest sense, is scenic. Its Mexican towns, ranches from the tiniest to as large as some states; modern cities, metropolises, pretty villages; hunting and fishing sport paradises, hundreds of miles of seashore, countless bathing beach resorts, all make Texas pre-eminently recreational. Its valleys, plains, hills and mountain scenery are magnificent in their vastness and beauty. This great empire state is magnificent. Even our own 6,000,000 population do not fully realize its vast proportions, its colorful attractions and magnificent beauties. The Centennial should be an eye-opener to the Lone Star residents themselves as well as to the outside world. Mrs. J. L. Lovejoy and Fletcher B. Pope, both of McKinney, are cochairmen for Collin County for the coming Centennial preparation.

The evangelistical style of bringing members into the church is slowly but surely being done away with according to a report recently received by President Hoover from a commission on church work and affairs. In its stead, the members and pastors are working business-like methods on those not affiliated, showing them by daily actions the beauty and truth of the church and its work. Among other changes noted, according to this report, is a lessening of emphasis upon religious dogma among protestants, an increase in social and economic welfare, a decided increase in the amount of religious instruction given to young persons, the merger of several protestant church bodies and the rise of an impressive array of interdenominational bodies, and more attention given to the needs of childhood in the various church programs. Another interesting feature of the report in that there are more churches in the United States and more members now than ever before, which is convincing proof that God and his workers in this goodly land are stronger now than ever before in this country.

Missouri was the thirty-sixth state to ratify the twentieth amendment to the Federal Constitution. This does away with the lame duck session of Congress, which has been described as an ideal born in horseback days of the Republic. In discussing this, the Dallas News says: That the news of who was elected to State Legislatures traveled by horseback. The members of the Legislature assembled after having come to the State Capitol by horseback and stage coach. There they elected the new Senator by vote of the Legislature. The new Senators set out for Washington by horse once more to take up his duties in Congress. All this took time and lots of it. There being plenty of time in those days, March 4 following the election held in November was early enough for the opening of the new Congress. But now we elect the Senators in November; we know the next morning who has won, and within a day the gentleman from California can fly to Washington if he wishes. Hence the old horse-jog provision had to go. America rejoices that it is gone.

COUNTY AGENTS.

In the opinion of this paper, there is no more important service that can be rendered by our county, state and federal governments in cooperation than that provided in the work of the County Farm Agent and the County Home Demonstration Agent. If one has any doubt about the service rendered by our county farm agent, he should study the annual written report just submitted by County Farm Agent Jack P. McCullough to his superiors on the activities of his work during the past year. His terracing and other demonstrations, with hundreds of visits to the farms of our county to cooperate with their owners in their various problems of seed selection, planting, cultivation, protection against insects, and literally hundreds of calls from farmers at his office and in answering phone calls are all impressive to any well wisher of agriculture as a vital factor in the economic life of our country. Likewise, the work of Miss Helen Dunlap, county home demonstration agent, in her work among the twenty home demonstration clubs of farm women and fourteen clubs of farm girls, ranging in age from ten to twenty years, is transcendent in importance to the home and economic life of farm families. Collin county is very fortunate in having these two capable A. & M. college extension agents who have been proving their efficiency in their line of service in this county now for several years and are becoming more and more appreciated by the men, women, boys and girls on our farms each succeeding year that they remain on their jobs. This paper is one hundred per cent for you Mr. McCullough and Miss Dunlap, too, in your splendid work in behalf of happier, prettier and more prosperous Collin county farm homes.

SIX WIDOWS OF EX-PRESIDENTS U. S. ARE LIVING.

Although the death of Calvin Collidge removed the last former president, six widows of chief executives are living.

They are the widows of Presidents Harrison, Cleveland, Roosevelt, Taft, Wilson and Coolidge.

Of them all, Mrs. Wilson and Mrs. Roosevelt have remained perhaps most in the public eye.

Mrs. Roosevelt attended the Hoover notification ceremonies in Washington last Auguest and later introduced the president to a vast campaign audience in Madison Square Garden. Mrs. Wilson puts in an appearance at most Democratic party occasions of importance.

Mrs. Taft remained active in the capital's social life until the death of the late chief justice in 1930. Mrs. Harrison lives quietly in New York City.

Only one former first lady, the widow of President Cleveland, remarried. In 1913 she became Mrs. Thomas Jex Preston, Jr., she lives with her husband, professor of archeology at Princeton university, in Princeton, New Jersey.

This is only the second time since the death of George Washington that the United States has been without a living ex-president. For a few months between the death of Grover Cleveland and the retirement of Theodore Roosevelt, there was no former president—a situation comparable to the present since Herbert Hoover retires March 4th.

ASSOCIATE AND SON CARRY ON BUSINESS OF J. PERRY BURRUS

CHARLES H. NEWMAN

(Dallas News).

Election of Charles H. Newman to succeed the late J. Perry Burrus as president and general manager of the Texas-O-Kan Flour Mills Company was announced Friday, following a meeting of the board of directors.

Jack P. Burrus, only son of the deceased industrialist, was elected first vice president.

The Tex-O-Kan Flour Mills company operates the following properties: Liberty Mills at San Antonio, Texas Star Flour Mills at Galveston, Burrus Mill and Elevator company at Fort Worth, Morton Milling company in Dallas, Collin County Mill and Elevator company at McKinney, Fant Milling company at Sherman, Bob White Flour Mills at Kingfisher, Ok.; the Perry Burrus elevators at Dallas and Lubbock and the Burrus Panhandle elevators at Amarillo.

"There will be absolutely no change in the policies of the concern," said Mr. Newsom, who was executive vice president of the organization when Mr. Burrus died unexpectedly Jan. 27.

Mr. Newman had been associated with Mr. Burrus for fifteen years. He started at McKinney as a salesman for the Collin County Mill and Elevator company. His next post was sales manager of that concern and then he went to Fort Worth as general manager of the Burrus Mill and Elevator company there. Next he went to Galveston as vice president and general manager of the Texas Star Flour Mills company. Then he came to Dallas as executive vice president of the Tex-O-Kan Mills company, in which post he remained until his present promotion.

Mr. Burrus spent several years in the textile milling business as head of the Textile Mills and Commission company of Juarez, Mexico. After disposing of that concern he became active in the flour milling business as vice president and sales manager of the Burrus Mill and Elevator company at Fort Worth, from which post he comes to Dallas to assume the first vice presidency of the Tex-O-Kan Flour Mills company.

RHEUMATISM

If you are one of those who has been trying to find relief from rheumatism through drugs, you will be interested in a natural relief that thousands have found beneficial.

No permanent freedom from rheumatism can be gained until the cause is removed. Poisons of the digestive tract must be eliminated properly before you can expect relief. A renowned mineral water—Crazy Water — literally washes away these poisons that cause all the pain and suffering. Crazy Water, favorably received for over fifty years, is now evaporated for convenience to produce Crazy Water Crystals for use in your own home. You will find Crazy Water pleasant and gentle, and the low cost will truly surprise you—fifteen gallons of the world's finest mineral water for $1.50.

Crazy Water Crystals is not a drug or patent medicine. It is a natural mineral water — nothing added. It will produce thorough elimination without the slightest irritation. It is not habit forming. Let us tell you about this wonderful natural product today.

MELISSA MAKES IMPROVEMENTS ON HER STREETS

Melissa has been using a number of men out of other work in helping to improve her streets and doing other allowable work of a public nature permitted under the regulations of the Refinance Corporation Unemployed Relief measures of our government.

E. O. Knox is president, J. A. Lacy, Clyde Robinson and H. S. Wysong, members of the committee chosen by the citizens to look after the public welfare and the needy of that splendid little city, located eight miles north of McKinney.

W. H. Lindley is foreman who directs the work of the laborers. Rock and gravel is being hauled to resurface Church street on which four churches of the village are all located. Other streets of the town are also being similarly cared for. Culverts are being repaired or rebuilt and some new sidewalks are being built on the schoolgrounds.

Melissa is a very substantial little village of our county, but there are a few who live in and around the town who are out of work and out of supplies and must have some assistance. Most of these have never been dependent on charity and spurn to receive charity now only as a last resort. All prefer to work if they can get it in order to earn a living for themselves and their dependent loved ones.

VAN ALSTYNE OIL WELL STATUS AT PRESENT

Five men were put on the job at the deep-test oil well Wednesday morning to make ready every detail to start drilling the moment notice is had by Mr. Dumas that the funds in escrow in California have been released.

Specifically the work yesterday and today going on at the well in repairing some bursted steam and water connections that had not been fully drained prior to the freezing weather. That work will all be finshed by tomorrow.

In addition, under heavy steam pressure, Mr. Dumas is testing for defects or weak points in the system; because, he says, "when we do start, for any reason; do not want any breakage anywhere in anything."

Asked when he expected to get his money, trying to be accurate about it, he said: "I can't say to a certainty when; I am expecting notice of the release of funds every minute. I know it is coming; I know we have a cinch on getting it, and I am not expecting any further delay of consequence."—Van Alstyne Leader, February 2.

M'KINNEY 25 Years Ago

From The Files of The Daily Courier-Gazette

(February 1, 1908.)

Dr. H. L. Pearson, the dentist, has returned to Clarksville after an enjoyable visit to his brother, District Judge J. M. Pearson, and wife.

Misses Kate and Emma Allen, Kathleen Abernathy and Louise Harrison are visiting Mrs. William Shepherd at Plano.

S. H. Houseman is preparing to move to Sweetwater. He has for a number of years been a merchant at Longneck, just north of Princeton.

J. N. Bush, prominent Allen citizen and landholder, renews his Daily Courier-Gazette subscription for another year. Thanks.

Prof. W. S. Smith with his Chambersville and Melissa band boys will furnish music for the big W. O. W. blowout to be held in McKinney March 26.

T. W. Noblitt of Coalis Chapel community brought a big wagon load of fine large turnips to McKinney Friday. He brought one to the Daily Courier-Gazette and Weekly Democrat-Gazette office that weighed five pounds.

Col. Aaron Coffee, "the Old Cotton Planter," has an article in this paper, stating that farmers are making good progress in preparing their land for this year's crop.

THEATER OWNER IN CELINA HOST TO LOCAL SEXTET

Through the courtesy of R. C. McClure, proprietor of the Ritz Theater of Celina, Mrs. A. A. Alexander and her McKinney High Lionesses enjoyed a theater party after the Celina-McKinney conference game in Celina Wednesday night.

Mr. McClure, one of Celina's public spirited citizens, invited the local sextet to be his guests for the last show immediately following the game, which McKinney won 37 to 15.

Those who attended were Prof. and Mrs. A. A. Alexander, Mr. and Mrs. Roy Rambo, Dorothy Carroll, Janice Wright, Nell Pollard, Alice Russell, Latane Boyer, Blanche Airhart, Glenda Perry, Geraldyne Bridges, Margaret Frisby, Raymond Belden and Max B. Skelton.

Constable Johnny Record recently arrested four persons, two men and two women, within thirty minutes, on charges of fisticuffs or affray. All the arrests were made within the city. Mr. Record is making a fine record so far in his new office, although he has been an officer only since the first of the year.

G. J. S. Walker, sheriff of this county, went to Terrell Friday to take a patient to be placed in the state hospital located in that city.

Dr. and Mrs. Mallow of Frisco were McKinney visitors.

M'KINNEY LADIES ENDORSE FARM WOMEN ACTIVITY

Mrs. J. L. Lovejoy and Mrs. C. G. Comegys both attended the meeting of the Wetsel Home Demonstration club at 2 o'clock Wednesday afternoon. They were very much interested in the "cutting bed" that is being demonstrated with by that club. In this demonstration, the member who plans and cares for it, sets out such cuttings as Ligustrum, Japonica, Euonymus, Pyracantha, Bridle Wreath (Spirea Van Houte), Abelia, Jasmine, Humilie, Privet hedge and Nandina and perhaps other popular yard ornamentations.

Meedames Lovejoy and Comegys are loud in their praise of Miss Helen Dunlap, popular county home demonstration agent, who, in co-operation with her club women over the county, is rendering a very valuable piece of work along this line for the beautification of yards of the rural homes of our county.

Edwin B. Doggett of Dallas was at Melissa Friday looking after business interests that he owns there. Mr. Doggett was born and reared in McKinney, being a son of the late Co. J. L. Doggett and wife. Edwin B. Doggett has lived several years at Dallas. While at Melissa Friday, he was the guest of Mr. and Mrs. E. O. Knox for dinner.

J. J. Spurgin, a good man living on Route 1, Melissa, pays for the Daily Courier-Gazette for three months in advance.

COLLIN MEN HURT IN ACCIDENT NEAR GARLAND

Emmett L. Gunter, 31, of Renner, this county, is critically ill in a Dallas hospital from injuries sustained in a collision of two cars near Garland Thursday night.

Gunter lost the sight of his left eye, suffered a possible fractured skull and cuts on his face. He was driving an old model touring car, which crushed with a sedan driven by V. W. Gabbart and T. B. Koontz, of Dallas.

J. B. Rowe, 23, of Plano, and Louis Collinsworth, 20, of Renner, who were in the car with Gunter were both treated in Parkland hospital for injuries.

Miss Nadine Lusburrow and Miss Kate Parker, both of Wichita Falls, Texas, who were in the car with Gabbart and Koontz, were also treated for cuts and bruises and internal injuries.

GEORGE HUNTER LYNCH, 29, DIED IN HOSPITAL

George Hunter Lynch, aged 29 years, 3 months and 12 days old, died in St. Paul's hospital, Dallas Tuesday morning at 3:50 o'clock. He had been a resident of Plano and was born there October 19, 1903.

He is survived by his widow, Mrs. Johnny Lynch, his mother, Mrs. Ammie E. Wilson and his grandmother, Mrs. Mary Alice Farrell, all of Plano.

Funeral services were held at the home of Mrs. Farrell, two miles west of Plano, Wednesday afternoon at 2 o'clock, conducted by Rev. D. W. Nicholas, pastor of the Plano Christian church.

Interment following in Restland Memorial Park.

ENROLLMENT IN SCHOOLS OF CITY OVER 2,100

Enrollment in the six white and one colored school in McKinney is unusually good at this time of the year, according to Prof. Jack R. Ryan, city superintendent of public schools, who tells us that there are now 2,158 boys and girls enrolled. This is the highest enrollment of the term 1932-'33.

One of the interesting points in Prof. Ryan's report is that there are more boys than girls, there being 1,091 boys and 1,067 girls.

Another interesting point is that the Greer and Hill ward schools have tied in attendance with 302 students each, and the Greer school has the same number of boys and girls (151) enrolled.

✦ ✦ ✦

Enrollment Figures.

Enrollment figures follow:

Senior High—183 girls; 182 boys; total, 365.

Junior High—211 boys; 227 girls; total, 438.

Total high schools—394 boys; 409 girls, total, 803.

Greer ward—151 boys; 151 girls; total, 302.

Hill ward—158 boys; 144 girls; total, 302.

Finch ward—149 boys; 133 girls; total, 282.

Webb ward—95 boys; 100 girls; total, 195.

Total ward schools—553 boys; 528 girls; total, 1,081.

Total white schools—947 boys; 937 girls; total, 1,884.

Colored school—144 boys; 130 girls; total, 274.

Grand total, all schools—boys, 1,091; girls, 1,067; total, 2,158.

Prof. Ryan requests anyone knowing of a boy or girl in McKinney, under the age of fifteen years, who is not in school, to get in touch with his office or some principal immediately. He says that the McKinney public school system is anxious to comply with the compulsory attendance law and are also anxious to get everyone in school of age.

McKinney schools are getting off to a good start, according to Prof. Ryan.

Mrs. M. H. Garnett Calls Attention To Legend of Origin Robin Redbreasts, Now On Annual Visit To McKinney

"The Robin Redbreasts are with us again for their brief annual visit," we are reminded by Mrs. M. H. Garnett, a real friend of these little birds. "In addition to their usefulness and charm, the beautiful legend of their origin should appeal to us. Let us tell it to our growing boys and girls, that they may learn to welcome and protect these harmless visitors who lend such a note of brightness and cheer to our landscape!

"Bright bird,
A legend strange is told of thee—
'Tis said thy blithesome song was hushed
While Christ toiled up Mount Calvary,
Borned 'neath the sins of all mankind,
And humbled to the very dust
By the vile cross, while vile man
Mocked with a crown of thorns the just;
Pierced by our sorrows and weighed down
By our transgressions—faint and weak,
Crushed by an angry Judge's frown
And agonies no word can speak.
'Twas then, dear bird, the legend says
That thou, from his crown didst tear
The thorns, to lighten the distress,
And ease the pain that He must bear,
While, pendant from thy tiny beak,
The gory points thy bosom pressed
And crimsoned with thy Savior's blood
The sober brownness of thy breast!
Since which proud hour for thee and thine
As an especial sign of grace
God pours, like sacramental wine
Red signs of favor o'er thy race."

WOODMAN CIRCLE GROVE NO. 736 HOLDS MEETING

Woodman Circle Grove No. 736 met Thursday night at the W. O. W. hall with sixteen members present. The newly-elected officers for this year were installed as follows:

Guardian, Mrs. Lena Davidson.
Past Guardian, Mrs. R. E. Beasley.
Advisor, Mrs. Henry Campbell.
Chaplain, Mrs. Annie McKinney.
Attendant, Miss Helen Davidson.
Assistant attendant, Mrs. Alma Boyce.
Financial secretary, Mrs. Clara Lowry.
Banker, Mrs. S. N. Lonsford.
Inner sentinel, Mrs. Kate Ellis.
Outer sentinel, Mrs. Lucy McMenamy.
Musician, Mrs. Clara Pharr.
Captain, Q. L. Bridges.
Junior supervisor, Mrs. Clara Lowery.
Auditors, Q. L. Bridges, Mrs. Ethel Garrison, Mrs. Perry Wilson.

After the installation of officers various interesting talks for the good of the order were made. A splendid talk was given by the new guardian, Mrs. Davidson, who is already proving her capable leadership.

At this meeting a committee from the W. O. W. met with the ladies and plans were made for a joint valentine social of W. O. W. and Woodmen circle to be held next Tuesday night, February 7, at the W. O. W. hall.

This is to be a most enjoyable get-together meeting and it is hoped all members, both of W. O. W. and Woodmen circle, will make an effort to be present and take part in the festivities.

HI LIONESSES DEFEAT CELINA BY SCORE 37-15

By defeating the Celina High sextet 37 to 15, the McKinney High Lionesses won their fourth conference game of the season and fourteenth victory, in Celina Wednesday night. EIGHT MOTHERS HAVE LIVED TO SEE SONS ELECTED PRESIDENT

Mrs. Sarah Delano Roosevelt, mother of President-elect Roosevelt, is the eighth mother to see her son elected president of the United States. Mary Washington, mother of George Washington, lived for 20 months after her son was inaugurated our first president. Susanna Adams, mother of our second president, John Adams, died six weeks after her son became president.

Nelly Madison, mother of James Madison, fourth president of the United States, lived for 20 years after her son was elected. James Knox Polk's mother, Jane Polk, outlived our 11th president. Gen. U. S. Grant's mother, Harriett Grant, lived for 14 years after his inauguration as 18th president.

James A. Garfield's aged mother, Eliza B. Garfield, sat on the platform beside him when he was made our 20th resident. So was Nancy McKinley present at the inauguration of her son, William, as 25th president of these United States.

Only four fathers have lived to see their sons president—President John Adams, father of John Quincy Adams, 6th president; Richard Taylor, father of Zachary, [illegible], Jesse Grant, father of [illegible] and John [illegible] Calvin Coolidge. [illegible]

ANNUAL VISIT OF ROBINS IN OUR HOME TOWN

City Marshall J. S. McKinney calls attention to the presence in our city of the Robin Redbreasts, these birds annually visiting McKinney in large droves.

Mrs. M. H. Garnett, a real friend of our little feathered visitors, found some small boys this week killing the birds with their airguns and sling shots and, in conversation with Mr. McKinney, asks that boys of McKinney refrain from molesting the robins on their annual visits to our home town.

There is a federal statute against killing the Robin Redbreasts, Mr. McKinney points out, and at the same time he urges the co-operation of not only boys of the city but of their parents, as well, in seeing to it that these birds' stay in McKinney is pleasant.

J. H. Orid, living four miles west of Allen, has received a shipment of 12,000 onion plants which he will soon set out on his farm. The plants were a gift of his daughter living at Houston.

Mrs. Hawk Daniel and daughters, Misses Ruth and Mary Max, of Plainview are week-end guests of their sister and aunt, Miss Frankie Oates, and other relatives in this city.

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(February 4, 1908.)

The county furnished a split-log-drag to C. D. Ward, G. A. (Roddy) Stiff and Walter Downs, three farmers living about three miles northwest of McKinney. These farmers hitched five good mules to it. As a result, the highway for some distance beyond their farms each way is much smoother. This is commendable public spirit.

J. A. Crutcher, proprietor of Wilson Creek Herd of Poland-China hogs, renews his Daily Courier-Gazette for another year. He and his son, Joe Crutcher, raised between 7,000 and 8,000 bushels of corn last year. They shipped out a carload of shelled seed corn today, getting one dollar per bushel for it. They raise the White Perfection and Bloody Butcher varieties.

Henry E. Morgan, Melissa merchant, hands in his Daily Courier-Gazette renewal for another year. His store burned recently, as stated in this paper, making his fourth fire since opening for business in Melissa ten years ago.

Jas. H. Merritt of McKinney owned the brick building occupied by Mr. Morgan's store.

The Collin County Poultry Breeders' association held its meeting yesterday afternoon in the Commercial Club rooms here. The following officers were elected for the ensuing year: A. M. Hill, president; Walter Mockford, vice-president; Mrs. Harry Singleton, secretary-treasurer; Harry Singleton, superintendent of the next annual poultry show.

A pretty, little baby daughter has just been born to Mr. and Mrs. John B. McKinney at their farm about two miles north of town.

Mrs. A. J. Scribner has moved here from the Chambliss community. She is living at No. 5 [illegible] street.

HOMESTEAD LAW DOES NOT APPLY TO BACHELORS

A state tax on bachelors and spinsters who own homes will be in effect in Texas when the homestead exemption law becomes effective, although the law is not intended as such a tax.

Unmarried persons are not entitled to claim a homestead. Therefore, they will not be able to avail themselves of the $3,000 state tax exemption to be made effective when the legislature puts into effect the constitutional amendment voted at the last general election. No matter how much property a single person owns, and no matter whether he or she owns and lives in a home, the exemption will not be allowed.

The $3,000 exemption applies to any homestead, for example, a $10,000 home, rendered at 50 per cent, or $5,000, will be required to pay on only $2,000 state tax.

C. R. Josserand, Route 1, Allen, hands in cash to pay for his Daily Courier-Gazette for another two months in advance. Thanks.

The Farmers Cotton Oil company mill of Farmersville started up for a run Monday. It gave employment to a number of men and greatly relieves the Farmersvilleu nemployment situation.

Thanks to B. Frank Dinsmore, who lives on his well improved property at Fairview dairy and store three miles south of town, for Daily Courier-Gazette renewal for another three months in advance.

On the night of January 30, thieves stole nine tires from the auto and truck of J. E. Ramsey, who lives two and a half miles southwest of Frisco. They also took his battery. Mr. Ramsey is a tenant on the McBride farm and a mighty fine man. He feels his loss very keenly in these times of depression. It is hoped that officers may apprehend the guilty party or parties.

E. L. Smith of Dallas, division plant superintendent of the Southwestern Bell Telephone company, for the Northeast Texas district, in company with Mr. Crump, also of Dallas, state plant superintendent of the same company, were visitors at the McKinney office Friday. They were on a tour of inpsection of the various plants over the state. Miss Pauline Hughes is manager of the McKinney office, while T. G. McBee is wire chief.

Carl Logan, the two-year-old son of Mr. and Mrs. Pink Hendrix of Farmersville, had a very lucky escape from death or serious injury Wednesday when he was thrown through a car windshield when the Hendrix car collided with another car driven by Paul Highsaw, near Princeton. The child, who was sitting in his father's lap, was thrown through the windshield by the crash, but was only sligthly bruised and scratched.

Joel R. Howard, 86, landowner and farmer of near Lebanon, died Wednesday morning at his home after an illness of several months. He was a native of Kentucky, but came to this state a number of years ago, and has resided here since. Funeral services were held at the Lebanon Baptist church, with burial following in the Baccus cemetery in the western part of the county. He is survived by his widow, three sons, two daughters and several grandchildren.

W. D. Craft of the Clearlake community, while on an o'possum hunt one night recently, captured a snow white o'possum which he brought to McKinney Saturday and turned over to Parkkeeper D. W. Bagwill to be added to Finch Park zoo. Mr. Craft has long been an admirer of the park and zoo in this city and has spent many delightful hours of recreation in that natural playground. Naturally, he wanted to do something in its behalf; hence, the gift which is greatly appreciated.

E. O. Knox and J. A. Lacy of Melissa came to McKinney Friday afternoon, after a truckload of government relief flour that is being distributed through the county Red Cross Chapter. These gentlemen co-operated in the same way with the Red Cross in the distribution of the two quotas of flour made from government owned wheat and distributed last March and August. This flour is distributed very carefully to needy families that deserve it, as the Melissa committee uses every effort to see that the intentions of the Red Cross and the government be carried out in helping only those who are most needy and helpless.

T. E. Crag, county chairman of the Reconstruction Finance Corporation, relief fund committee, was principal speaker at the weekly meeting of the McKinney Lions Club here Wednesday, noon, February 1, in the dining room of the First Methodist church. Mrs. T. B. Watson was chairman of a group of Missionary ladies who served a most tempting feast for the Lions. President Leo Spillman was in the chair and Secretary Graves recorded the minutes. Mr. Craig explained the workings of the R. F. C. relief fund and especially commended F. D. Perkins, city chairman; Joe E. Leagood, Orla [illegible] Byron [illegible] [illegible]

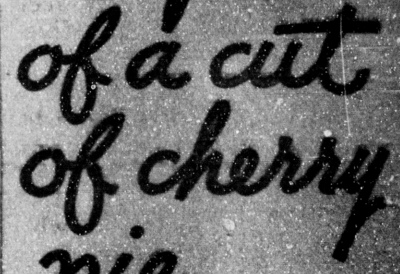
The price of a cut of cherry pie . . .



When dining out the meal is usually tapered off with a cut of pie . . . it's the natural thing to do. Besides, 10 cents is not big money to satisfy a sweet tooth —unless you have stopped to reckon with the purchasing power of a penny.

For this same dime you spend for cherry pie, you can cook 10 good dinners with natural gas; or heat enough water for 20 baths; or operate a gas refrigerator for more than three days. By simple comparisons you will agree that natural gas service is the cheapest thing you buy or use.

YOUR HOME TOWN

THE CHRIST-LIKE LIFE.

A noted writer says that there has been a perceptible increase in church attendance over the nation in recent months. We sincerely hope he is correct in his statement. There is not a time when we are not in need of all the spiritual guidance and help that we can possibly get. It is needed even more today, if such is possible, in the face of the unusual economic conditions the world over. Let's bring the matter home and see the situation in our home town and community. McKinney boasts the finest and ablest ministers one can find anywhere, while commodious and comfortable church edifices rise majestically in all parts of the city. Surely we have every inducement in the world to regularly attend some church service—it makes little difference which one. We have noticed that among our friends about town the ones who are happiest and who seem to get the most out of life are the church-going and religious element. This is to be expected when we realize that the believer in Christianity looks above the hazy mist of present everyday troubles and is inspired to higher attainments by a firm and devout belief in a Saviour of the Universe. After all, the one who abides by the philosophy of "God's in His Heaven, all's right with the world," is able to look up and see the true value and meaning of life—something the non-Christian can never see. If the present period of depression has caused an increase in church attendance and a more Christ-like life among some of our townspeople, can't we say that is one great and worthwhile benefit of the era in which we are living? Let's think seriously on these things in times like these.

WHAT A TASK!

Pity Mr. Patrick J. Haltigan, full-voiced reading clerk of the House at Washington. For he must be able promptly to identify each of the 435 representatives. There will be approximately 150 new ones in the next session of congress and Mr. Haltigan must be able to tell the speaker who is trying to gain recognition. He is busy these days meeting as many of the congressmen-elect as possible and studying the photographs of others.

C. OF C. OFFICIALS.

Today we congratulate Jas. H. Merritt, president; A. M. Scott, vice-president, and other officials of the McKinney Chamber of Commerce, recently chosen, as told in a story in yesterday's Daily Courier Gazette and the Weekly Democrat-Gazette. We feel sure that under the guidance of such men as President Merritt, Vice-President Scott, Secretary Moore and other officials, this organization will continue to progress and to be of untold benefit to our city and county. President Merritt, one of McKinney's most influential and capable leaders, succeeds Howard S. Ware, who has ably and efficiently served as head of the organization for the past two years.

These are unusual times and conditions that oftimes require the passing of legislation by our government to meet emergency situations. Geneva, Feb. 4. — Rejecting Tokio's eleventh-hour attempt at conciliation, the League of Nations' Sino-Japanese committee of nineteen decided today to proceed with its determination to act under paragraph 4, article 15, of the league covenant.

The committee decided that Japan had failed to show a "sufficiently conciliatory spirit" to justify hopes for settlement of the Manchurian dispute without resort to paragraph 4.

GENERAL NEWS

Oakdale, La., Feb. 4.—An accident to a heavily laden logging train which ran wild down a grade near here resulted in the death of five men.

The men were caught late yesterday in the caboose between the locomotive and a score of cars carrying logs and crushed to death as the train smashed into some cars of a lumber company at the foot of the grade. All of the dead were employes of the lumber company.

The scene was turned into one of death and wreckage. Observing that a crash was inevitable, the engineer, William Freeman, and his fireman jumped to safety along with members of the work crew who could escape.

Washingon, Feb. 4.—The Senate Friday night suspended its veteran sergeant at arms, David S. Barry, after a tumultuous public trial, for writing a magazine article accusing some members of Congress of accepting bribes.

RAYBURN WANTS UTILITY PROBE FINISHED UP

Washington, Fe. 3.—Authorization of an appropriation of $50,000 and permission to the House Interstate and Foreign Commerce Committee to continue its investigation of public utilities after the close of the session of Congress was blocked in the House Thursday by objection by Representative Michener of Michigan.

Representative Sam Rayburn, Texas, chairman of the committee, offered the provision as a rider to the independent offices appropriation bill, and now will appeal to the rules committee to bring the matter again before the House. It is understood that President-elect Roosevelt wants the investigation continued.

Mr. Rayburn told the House the committee had completed investigations of the oil, gas and gasoline pipe lines, and all of the power companies except the Insull properties, which he described as being in "terrible condition."

"We are in the midst of some of the most important phases of the utilities situation," said Mr. Rayburn to the House. "We have yet to make the investigation of telegraph, telephone, radio and airways, as to holding company interests, ownership and in fact, the entire financial set-ups.

"We want to develop legislation that will prevent radio, the newest form of communication, and the airways, the newest transportation, from getting into the shape the railroads were forty years ago and that the power companies are now in."

Glen Massie of McKinney was a business visitor in Allen.

Thanks to T. M. Smoot, Route 3, Blue Ridge, for cash to pay for the Daily Courier-Gazette for a year in advance.

Don Howard, an employe of the Blue Ridge public school, celebrated his sixty-seventh birthday at his home Saturday night by having thirty-five school children as his guests. Refreshments were served.

Mrs. F. L. Daughtry of Bay City is spending a few days in this city, the guest of her mother, Mrs. J. L. Kimbriel. Mrs. Daughtry will be remembered as Miss Rena Kimbriel before her marriage.

H. S. Pope, 618 North Pierce, New Orleans, Louisiana, sends cash to have his name enrolled on the Daily Courier-Gazette subscription list. He says that he expects to be located there for a month or so longer and is anxious to get McKinney and Collin county news.

En Route with President-Elect Roosevelt to Jacksonville, Fla., Feb. 4.—President-Elect Roosevelt concluded his intense presidential preparation Friday night and set out in a farefree mood for his last private vacation—a ten days' fishing cruise in Southern waters.

Hon. John W. Pope, one of Dallas' outstanding attorneys, had business in our courts here. Mr. Pope is a native of Collin county, being a son of the late Dr. W. B. Pope and brother of F. B. Pope of our city. We had the pleasure of shaking his friendly hand.

John E. Maynor, who lives a few miles southwest of McKinney on Fred Bush's farm, renews his Daily Courier-Gazette subscription. John and his good wife have been readers of our daily for many years. They say they can't very well get along without their county seat daily.

Secretary W. Hammond Moore of the local Chamber of Commerce and wife and County Farm Agent Jack F. McCullough and wife were guests of the Sherman Chamber of Commerce at their annual meeting held in that city Thursday night. These McKinney guests report the occasion a great success. Stanley Roberts has served as president of the Sherman organization during the past year.

Mrs. Ida Potter received word Wednesday afternoon of the death of her brother-in-law, W. T. Hodges, who passed away at 4 p. m. that day at his home in Sherman. Funeral services were held in Whitewright Thursday afternoon at 3 o'clock, Mr. and Mrs. Homer Dowell and Mr. and Mrs. W. H. Potter attending from McKinney.

Rev. G. B. Bradshaw, pastor of the North McKinney Baptist church, wife and children left Friday morning for Greenville to visit his mother who is seriously ill.

Mrs. George M. Wilson has gone to Bishop, Texas, to visit her nieces at the home of her recently deceased sister, Mrs. J. A. Jones.

Howard Austin, infant son of Mr. and Mrs. Jessie Williams, died at the family home in Navo, at the age of two months and twenty-nine days. He is survived by his parents, two brothers, Jessie Olen and Billie Frank, one grandmother and two grandfathers, two great grandmothers and a number of other relatives. Rev. McSpedden conducted the funeral with burial in Bethel cemetery.

Mrs. B. W. Owens of Birmingham, Alabama, who has been a guest of her parents, Dr. and Mrs. W. R. Mathers in this city, has gone to Dallas, to spend a week with her sister, Mrs. W. T. Fakes. She will also visit in Austin before returning to her home. Mrs. Mathers accompanied Mrs. Owens to Dallas Friday where she was a guest of her daughter, Mrs. Fakes.

J. R. Day of Allen is serving on the jury here this week.

Walter L. Frizzel of Princeton was in McKinney Thursday. He stated that a number of Princeton citizens are busy planting and setting out onion slips. He thinks the onion acreage in the Princeton area will not be as large as it was last year.
